**Re: Administrative Order SWD-1174**

El Paso "3" Federal Well No. 1 (API No. 30-015-20906)  
2724 FNL, 2870 FEL (Lot 11), Irreg Sec 3, T21S, R26E, NMPM, Eddy County  
Injection into the Bone Spring formation from 5754 to 8178 feet

You have submitted a request for an extension of this injection permit beyond the one year deadline to commence injection for the reasons outlined in the attached correspondence.

The Division finds that granting Fasken's request to extend this injection permit beyond the normal one year is in the interest of conservation and will prevent waste and protect the environment.

All requirements of the above referenced injection permit remain in full force and effect except that the deadline to commence injection is hereby extended until May 27, 2011.

Sincerely,

A handwritten signature in black ink, appearing to read "Mark E. Fesmire".

MARK E. FESMIRE, P.E.  
Acting Director

Mr. William Jones  
New Mexico Oil Conservation Division  
1220 South St. Francis Drive  
Santa Fe, NM 87505

Dear Mr. Jones,

Re: El Paso "3" Federal No.1  
API No. 30-015-20906  
Eddy County, New Mexico  
Administrative Order No.1174

Fasken Oil and Ranch, Ltd. received approval to convert the above referenced well to a Salt Water Disposal on May 27, 2009. Fasken Oil and Ranch, Ltd. respectfully requests an extension for one year for this permit which will expire on May 27, 2010. This Salt Water Disposal will be needed for wells in the area which will be re-completed in the Foster Draw (Delaware Oil) pool. Fasken is currently working on the re-completion of these wells.

If you have any questions or need any additional information please e-mail me at [kimt@forl.com](mailto:kimt@forl.com) or call me at (432) 687-1777.

Thanks for your help concerning this matter.

Yours truly,

  
Kimberley A. Tyson
