**Subject:** Remediation Plan (1R426-02) Termination - ROC BD K-27 Site

**RE: Termination Request for the Rice Operating Company's  
BD K-27 Site  
Unit Letter K, Section 27, T21S, R37E, NMPM, Lea County, New Mexico  
Remediation Plan (1R426-02) Termination**

Dear Mr. Conder:

The New Mexico Oil Conservation Division (OCD) has received Rice Operating Company's report and request to close the above-referenced site (dated May 28, 2010). The report is acceptable to the OCD. However, the material used to plug the groundwater monitoring wells must be a cement grout with 1% to 3% bentonite. Please submit to the OCD a final plugging report within 90 days of receipt of this notice.

The above-referenced report, submitted in accordance with 19.15.29 NMAC (Part 29; formally, Rule 116), indicates that Rice Operating Company has met the requirements of 19.15.29 NMAC; therefore, the OCD approves the report and hereby notifies you that the remediation plan (1R426-02) is terminated in accordance with 19.15.29 NMAC.

Please be advised that OCD approval of this report does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, OCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have any questions regarding this matter, please contact me at 505-476-3489.
