CASE NO. \_\_\_\_\_

Comes now Angels Peak Oil Company (herein referred to as "Applicant")  
a New Mexico corporation with its principal place of business in the Burt  
Building, Dallas 1, Texas, and files this its application for an order of  
the Commission granting approval of an exception to Rule 6(A) of the  
Special Rules and Regulations for the Fulcher Kutz-Pictured Cliffs Gas  
Pool, promulgated by the Commission in its Order No. R-565, in establish-  
ment of the non-standard gas proration unit described hereinbelow, and in  
support thereof Applicant respectfully states and shows the following:

(1) The non-standard gas proration unit for which approval  
is sought herein contains 127.48 contiguous surface acres sub-  
stantially in the form of a rectangle and consists of the  $W\frac{1}{2}$   
of Section 12, Township 28 North, Range 11 West, N.M.P.M., San

23.63

127.48

(2) The non-standard size of the tract is due to a varia-  
tion in legal subdivision of the U. S. Public Land Surveys.

(3) The well for which it is requested that the above-des-  
cribed acreage be the gas proration unit is the Angels Peak #18,  
which well is located in the  $SW\frac{1}{4}SW\frac{1}{4}$  of the aforesaid Section 12.

(4) In the opinion of Applicant, the entire non-standard  
gas proration unit referred to herein may reasonably be presumed  
to be productive of gas from the Pictured Cliffs formation.

(5) Neither the length nor the width of the unit herein  
proposed exceeds 2640 feet.

(6) In the opinion of Applicant, the well presently located on the proposed unit is capable of efficiently and economically draining the entire area of said unit.

(7) Attached hereto is waiver and consent to the proposed non-standard gas proration unit executed under even date herewith by Congress Oil Company, one of the operators owning interests in the acreage offsetting the proposed unit.

(8) So far as is known to Applicant, Aztec Oil & Gas Company is the only operator other than Congress Oil Company and Applicant owning an interest in any of the acreage offsetting the proposed unit. Attached hereto is a true and complete copy of a letter mailed today under registered cover to said Aztec Oil & Gas Company.

WHEREFORE, premises considered, Applicant prays that the Commission issue an order to Applicant granting approval of the non-standard gas proration unit herein proposed.
