BEFORE THE OIL CONSERVATION COMMISSION

OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE APPLICATION
OF DON TRADERS, INC. FOR A NON-
STANDARD GAS PRORATION UNIT CONSIST-
ING OF 40 ACRES, IN THE FULCHER-
KUTZ PICTURED CLIFFS GAS POOL, SAN
JUAN COUNTY, NEW MEXICO.

No. NWU-152

due 7/3/55

APPLICATION

Comes now applicant, Don Traders, Inc., and hereby applies to the Oil Conservation Commission of the State of New Mexico for approval of a non-standard gas proration unit as an exception to the pool rules of the Fulcher-Kutz Pictured Cliffs gas pool, San Juan County, New Mexico, said rules being Order No. 19-565 Rule 6 (a), this application being brought under the provisions of Rule 6 (b) of said order, as revised, proposed unit to consist of the NW $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 30, Township 30 North, Range 12 West, N.M.P.M., as reflected by the plat attached hereto, marked Exhibit A, and made a part hereof, the proposed unit containing 40 acres, more or less.

In support of the application, applicant would show:

1. That applicant is present owner of all operating rights in the proposed non-standard gas proration unit.

2. That the well producing from the proposed unit, being applicant's C. V. Lyman Dansby No. 1 well, is located 660 feet from the north line of Section 30, and 1980 feet from the east line of Section 30, and was located and drilled in conformance with the rules and regulations then in effect, and was completed as a commercial well productive of gas from the Pictured Cliffs formation.

3. That the proposed non-standard proration unit consists of contiguous quarter-quarter sections, or lots.

4. That the proposed non-standard gas proration unit lies wholly within Section 30, Township 30 north, Range 12 west, N.M.P.M. San Juan County, New Mexico.

5. That a non-standard gas proration unit allowing less than 160 acres as required by the provisions of Order No. *P-565* is necessitated solely by the location and unit assigned to said well which conformed with the rules and regulations of the Commission in effect at the time said well was drilled, and unless allowed by the Commission, applicant will be deprived of his opportunity to recover his fair and equitable share of the gas in said pool, contrary to law.

6. That in the opinion of the applicant the entire proposed non-standard gas proration unit may reasonably be presumed to be productive of gas.

7. That applicant has on ^{*June*} ~~May~~ 2, 1955, notified operators owning interests in Section 30, Township 30 north, Range 12 west, N.M.P.M., San Juan County, New Mexico, and offset operators to the applicant's C. V. Lyman Dansby No. 1 well, of applicant's intent to form such non-standard gas proration unit and requesting waivers therefor by sending copies of this application via registered mail to the following:

BMNS Company
Burt Building
Dallas, Texas

8. That copies of plat reflecting well location and acreage dedicated to said well are attached hereto as a part of this application.

WHEREFORE, applicant requests he be granted an order by administrative action of the Commission approving a non-standard gas proration unit as applied for, or in the alternative, that

this matter be set for hearing before the Commission in accordance with its rules and regulations, and for such other and further relief as may be proper.

Respectfully submitted,
DON TRADERS, INC.
