Gentlemen:

On December 8, 1955, we wrote you concerning approval of a non-standard proration unit on our Hammer #2 Well located in L Section 28-T 29N-R 9W, San Juan County, New Mexico.

In rechecking the July 2, 1952 U. S. Department of the Interior Resurvey of this area, it states that where lottings and areas are not shown that reference will be made to the original Survey approved April 19, 1881. On this original Survey plat, Section 28-T 29N-R 9W is shown as 640 acres.

If we were incorrect in filing for approval of a non-standard proration unit on this well, we would appreciate your letting us know.

Very truly yours,

DELHI-TAYLOR OIL CORPORATION
