Attention: Mr. A. L. Porter
Gentlemen:

We have been informed by Northwest Production Corporation that they are making application in accordance with Order No. R-565-C, Rule 6(B) for administrative approval for a 223 acre non-standard gas proration unit for their "S" Well No. 4-2, which is located in the NE/4 of the NE/4 of Section 2, Township 24 North, Range 4 West, South Blanco Field, Rio Arriba County, New Mexico. In addition they are requesting a 223 acre non-standard gas proration unit for their "S" Well No. 5-2 located in the NW/4 of the NW/4 of Section 2, Township 24 North, Range 4 West, South Blanco Field, Rio Arriba County, New Mexico.

You are respectfully advised that we hereby waive notice and hearing under Rule 6(B) as to said application for approval of unorthodox gas proration units for the above two wells.

Re: Request for Approval of Non-
Standard Gas Proration Unit

Attention: Mr. A. L. Porter

Gentlemen:

In accordance with Order No. R-565-C, Rule 6 (B), request is made for administrative approval of a non-standard gas proration unit for Northwest Production Corporation's "S" Well 4-2, which is located in the NE/4 of the NE/4 of Section 2, Township 24 North, Range 4 West, Rio Arriba County, New Mexico. *South Area*

The proposed non-standard unit for "S" Well 4-2 consists of the NE/4 of said Section 2, including lots 1 and 2 contiguous to the NE/4, a total of 223 acres. The unorthodox size of the proposed unit is caused by a variation in the legal subdivision of the United States Public Land Survey, and it lies within a single governmental section, all of which is subject to an oil and gas lease in favor of Northwest Production Corporation. It is reasonable to presume that all of the non-standard unit is productive of gas. *PC 92*

According to our records, and as indicated on the attached plat, Humble Oil and Refining Company, Box 1390, Midland, Texas, owns the mineral rights in Sections 35 and 36, Township 25 North, Range 4 West, which offset our "S" Well 4-2. Copy of this request for approval of a non-standard gas proration unit is being given this operator by registered mail.

Very truly yours,
