RE: Burnett Oil  
Stevens A #10  
Salt Water Remediation

Mr. Bratcher:

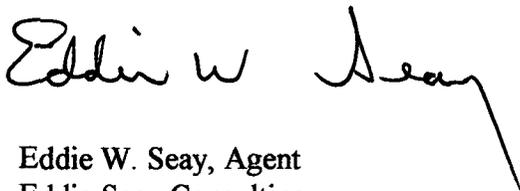

Burnett has completed the final phase of the above listed site.

- 1) 20 mil. Liner was installed over entire excavation and pipeline.
- 2) The excavation was backfilled with clean soil, contoured, mounded and bermed to prevent runoff and runoff.
- 3) The area was seeded with BLM #2 mix as required. Mr. Ballard of BLM was notified of the seeding.

This should conclude all activities of this site. Find attached photos and C-141 of all closure activities.

Should you have any questions, please call.

Sincerely,

Eddie W. Seay, Agent

Eddie,

It is my understanding that RRALs, as agreed upon by OCD, have been met, and your current proposal, as discussed with Ms. Bonham, is to install a 20 mil liner over the currently excavated area at this site. If this understanding is correct, you may proceed with closure. If not, please advise.

RE: Burnett Oil Co.  
Stevens A #10  
Section 13, T. 17 S., R. 30 E.  
Eddy Co.

Mr. Bratcher:

I am seeking written approval to continue closing of the above listed site. I met with Mrs. Sherry Bonham on 5/13/10, and was given verbal approval to continue closure, but did not receive her written approval due to accident.

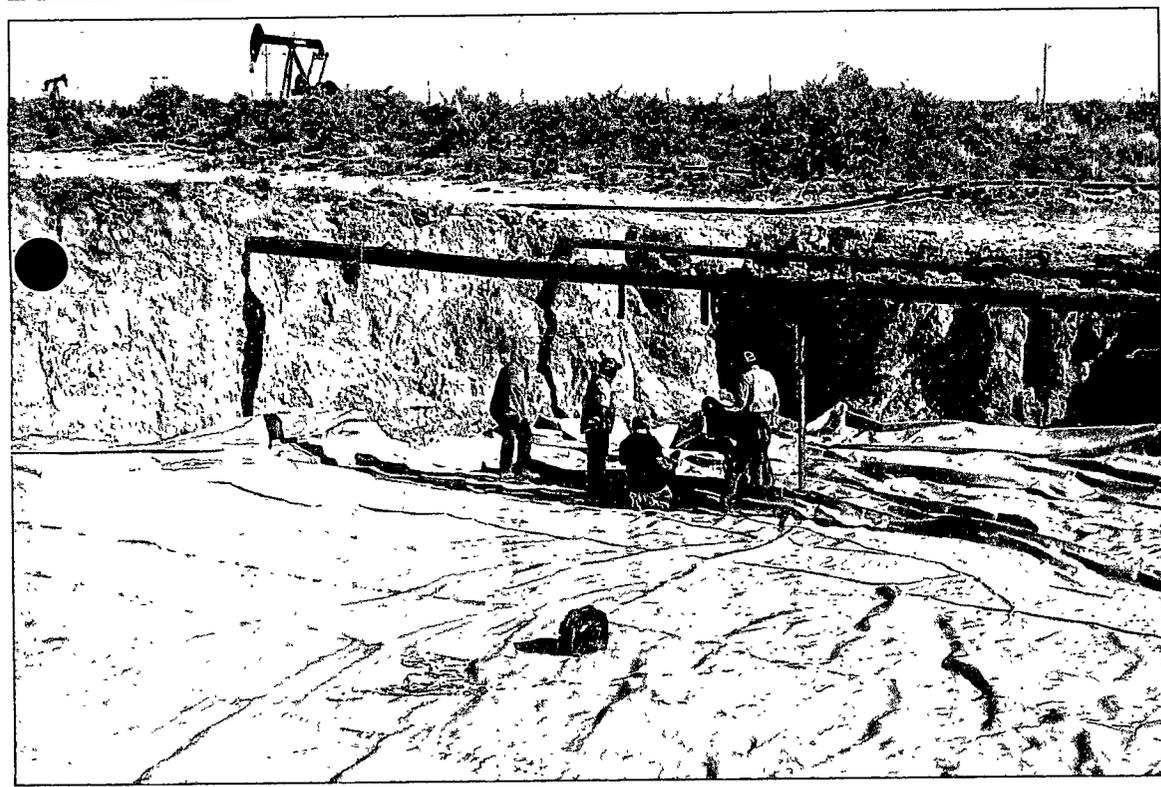

I would appreciate a letter of approval to continue with the closing.

I appreciate your help.

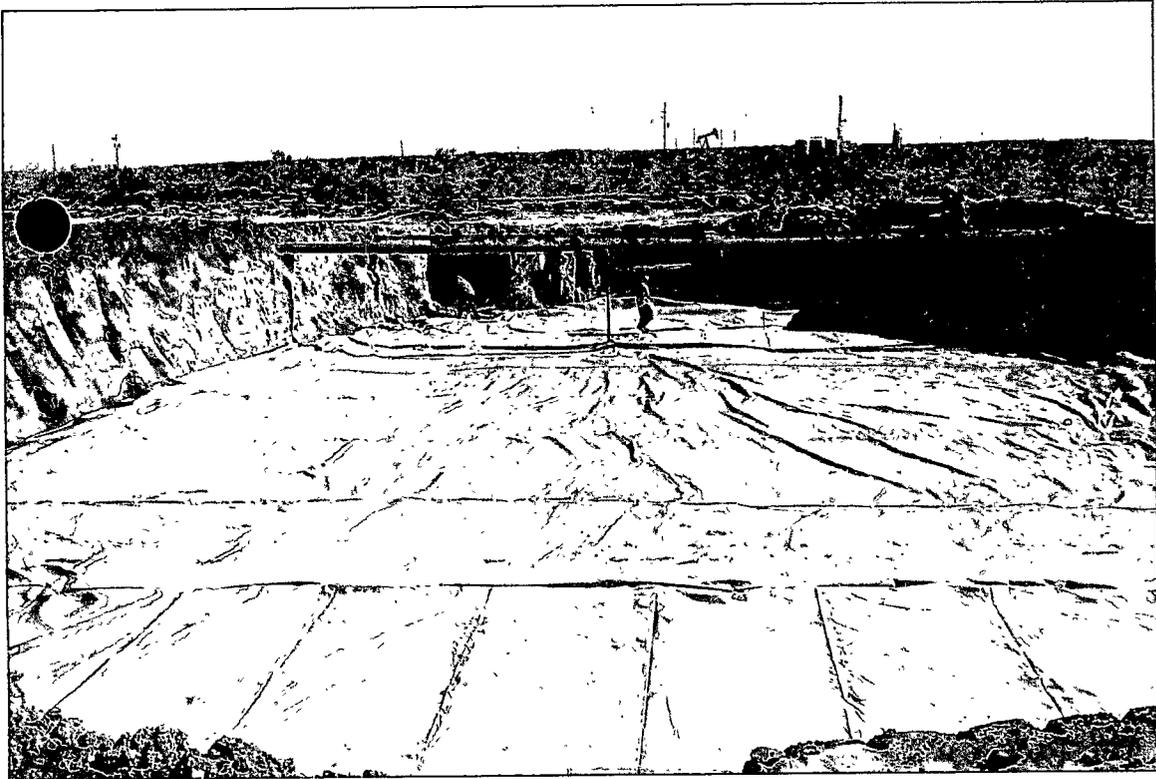

Thanks,

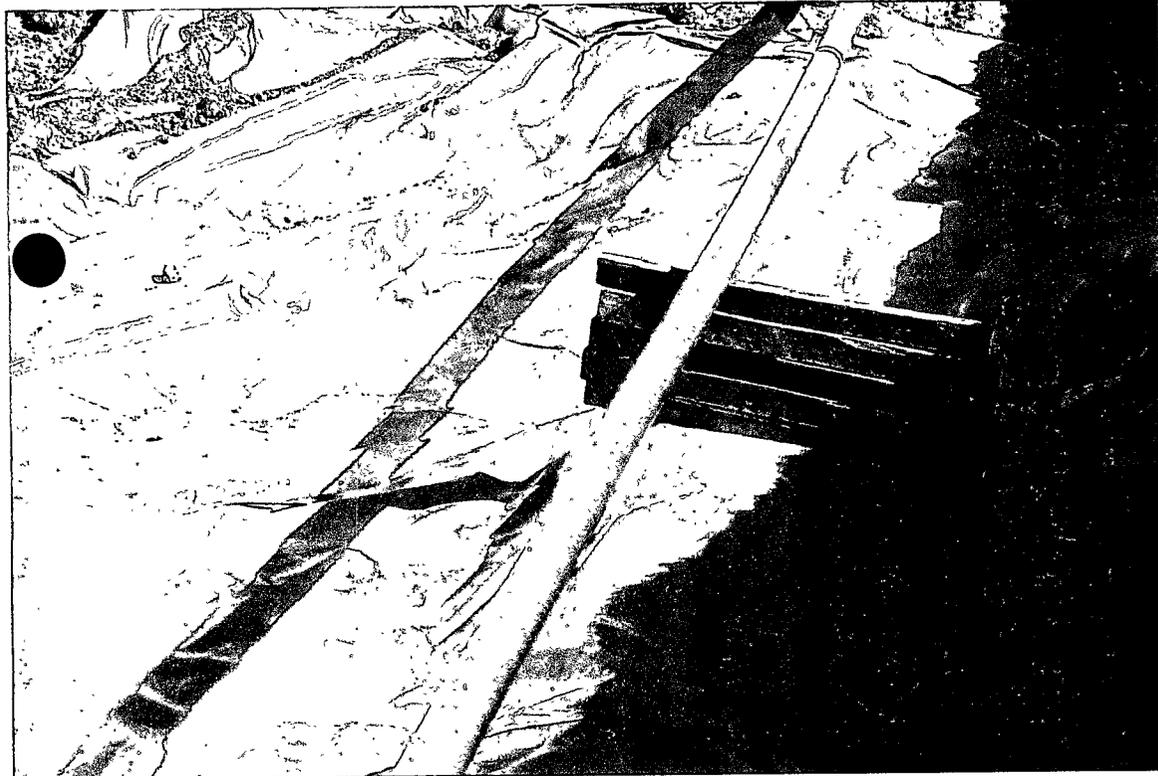

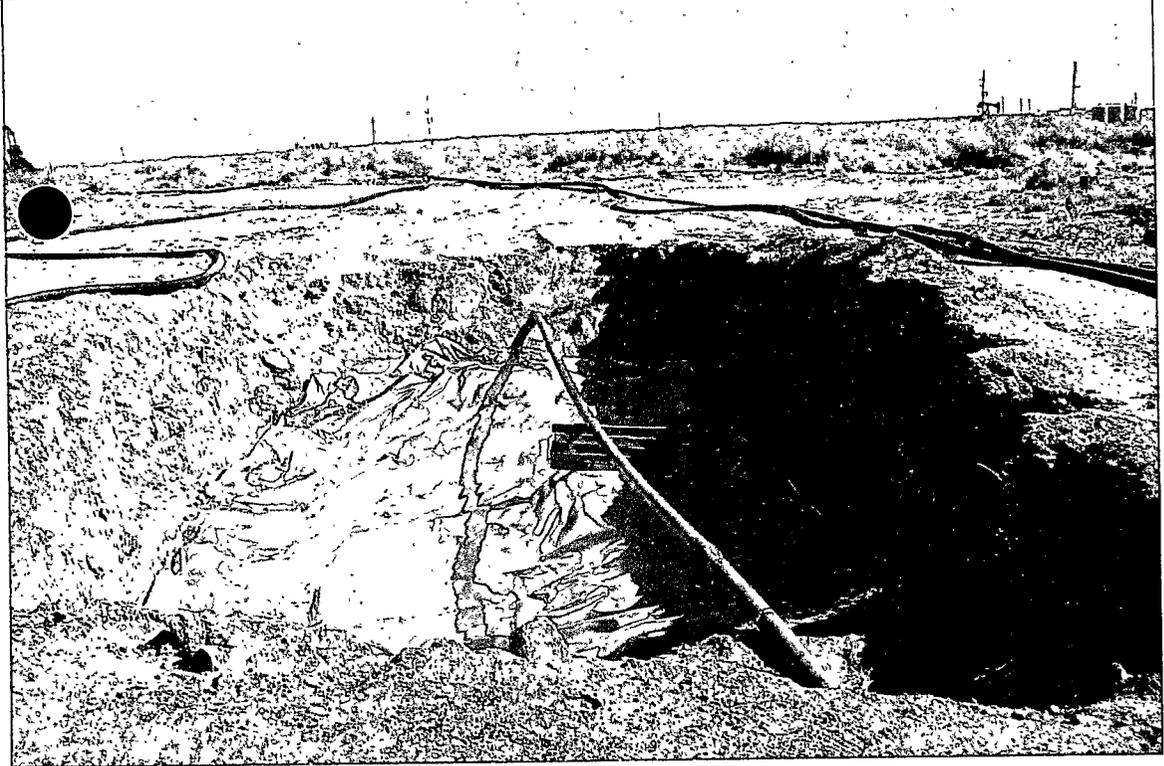

Le/3
