Dear Mr. O'Kelley:

Reference is made to the following:

(a) your application (**administrative application reference No. pTGW11-03942346**) submitted to the New Mexico Oil Conservation Division (the Division) in Santa Fe, New Mexico on February 8, 2011, and

(b) the Division's records pertinent to this request.

XTO Energy, Inc [OGRID 5380] (XTO) has requested to drill the above-referenced well at an unorthodox oil well location, described above in the caption of this letter. The N/2 SE/4 of Section 11 will be dedicated to this well in order to form a standard 80-acre spacing unit in the South Kutz Gallup Pool (96852). Spacing in this pool is governed by Rules 2 and 4 of the Special Rules and Regulations for the South Kutz-Gallup Pool, as adopted by Order R-11068 issued on October 14, 1998, which provide for 80-acre units with wells to be located within 150 feet of the center of a quarter/quarter section. This location is more than 150 feet from the center of the quarter-quarter section.

Your application has been duly filed under the provisions of Division Rules 15.13 and 4.12.A(2).

Pursuant to the authority conferred by Division Rule 15.13.B, the above-described unorthodox location is hereby approved.

This approval is subject to your being in compliance with all other applicable Division rules, including, but not limited to Division Rule 5.9.

Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

Sincerely,
