Re: Commingling Order PC-9

To whom it may concern:

ARCO Permian, a unit of Atlantic Richfield Company, would like to request amendment to Commingling Order PC-9 to include the Glorietta along with the Blinebry, Tubb-Drinkard, Fusselman and Langlie Mattix production in the Justis Field for the Arnott Ramsay F lease N/2 Sec. 36, T25s, R37e, Lea County New Mexico. There is one well producing from the Glorietta pool. The gas will continue to be measured at the current location and POD. This well has not produced oil for the past two years, but does produce water. All well fluids will be allocated by well tests. If you have any questions please feel free to call me at 391-1602.

Sincerely,

Bob Manthei  
Operations Coordinator  
ARCO Permian
