Re: Request for Lease-Wide Commingling

Dear Ms. Owens,

Reference is made to your recent request to delete well numbers from Division Order PC-102. We are unable to do this until we first receive additional information including; plats indicating all boundaries of the entire leases, all production information on any other existing well completions in the subject leases, inferred production and completion information on any proposed new completions, schematics of commingling facilities (existing or proposed), and an affirmative statement addressing proposed allocation methods, etc.

As soon as I receive information of this nature, I will expedite the proposed amendment to the subject order.

Very truly yours,

Benjamin E. Stone
Engineering Tech II
