Re: Getty "24" Federal Well No. 5

Dear Mr. Ridenour:

Reference is made to your letter dated November 1, 1991, whereby you informed the Division that the Getty "24" Federal Well No. 5 has been perforated in the Delaware formation from 4519'-4688' and 4832'-5110'. It is our understanding that Division Order No. SWD-440, which order authorized the use of the subject well as a disposal well, specified the injection interval to be from approximately 4500 feet to 5000 feet.

Authorization is hereby given to expand the injection interval in the subject well to include the perforated interval from 4500 feet to 5110 feet.

Sincerely,

William J. LeMay

Director
