Attention: Rusty Klein

Dear Ms. Klein:

Reference is made to your request dated February 7, 1994, for an amendment to Division Order No. CTB-362, which order authorized the surface commingling of North Dagger Draw-Upper Pennsylvanian Pool production from several wells located on the Foster "AN" Fee Lease in the NE/4 of Section 1, Township 20 South, Range 24 East, NMPM, Eddy County, New Mexico. It is our understanding that you wish to add the Mobil "AOB" Well No. 1 to the commingling order.

In examining your application, it has been determined that the subject wells are located on a fee lease which has been consolidated for the purpose of forming a standard 160-acre proration unit comprising the NE/4 of Section 1.

Please be advised that since the subject leases have been consolidated, the Division considers the NE/4 of Section 1 to be a commonly owned standard proration unit, and therefore commingling approval is not necessary.

Division Order No. CTB-362 is hereby cancelled.

Enclosed please find your application filed in this matter. If I can be of further assistance, please advise.

Sincerely,

A handwritten signature in cursive script, appearing to read "William J. LeMay".
