

OIL CONSERVATION COMMISSION

P. O. BOX 871

SANTA FE, NEW MEXICO

September 5, 1962

Cosden Petroleum Corporation  
Big Spring, Texas

Attention: Mr. H. L. Weeks

Administrative Order PC-92

Gentlemen:

Reference is made to your application dated August 30, 1962, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of the production from the Paddock and Drinkard Pools on your Edith Butler Lease located in Section 18, Township 22 South, Range 38 East, NMPM, Lea County, New Mexico, without separately metering the production from each pool, and allocating the production on the basis of periodic well tests.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities"; and provided further however, that you shall immediately notify the Commission at such time as any well in either pool is capable of top allowable production.

Allocation of production to each pool shall be on the basis of quarterly well tests.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director
