In RE: Request to Commingle production  
from Drinkard and Blinebry Pools,  
State "S" Lease, Lea County,  
New Mexico

Gentlemen:

The State Land Office hereby grants approval to the above request to commingle since ownership is common throughout, and since there will be no loss of royalty to the State of New Mexico.

We would, however, like to have a periodic report on the one well that is located on the NWNW since the Blinebry production consists of two wells.

Thank you for your schematic diagrams and plats.

This approval is granted with the understanding that the Commissioner of Public Lands reserves the right to amend or reject this approval, should a loss to the State of New Mexico occur in royalties.

Very truly yours,

E. S. JOHNNY WALKER,  
Commissioner of Public Lands
