**Administrative Order PC-242**

**Gentlemen:**

Reference is made to your application dated October 28, 1964, for administrative approval of an exception to Rule 303 (a) of the Commission's Rules and Regulations to permit the commingling of Wolfcamp and Silure-Devonian production, Bronco Field, on your H. H. Harris Lease comprising the S/2 of Section 35, Township 12 South, Range 38 East, Lea County, New Mexico, allocating the production on the basis of periodic well tests. It is our understanding that the production from both pools is of marginal nature, and further that Texaco will not commingle the production from the White Hall, Harris Well No. 1 on this lease which is operated by Jesse W. Wright.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission's Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner. Provided however, that the installation shall be operated in accordance with the provisions of the Commission Manual for the Installation and Operation of Commingling Facilities, and provided further that you shall notify the Commission at such time as any well in any of the aforesaid pools is capable of top allowable production. Please notify the Hobbs District Office of the Commission at such time as the installation is complete in order that an inspection may be made of the installation prior to putting it in operation.

**Very truly yours,**
