Gentlemen:

Reference is made to your application dated January 4, 1965, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of Drinkard and Devonian production on your Federal H Lease comprising the NE/4 of Section 31, Township 24 South, Range 38 East, Dollarhide Field, Lea County, New Mexico, allocating the production on the basis of periodic well tests. Provided, however, that this installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," and provided further, that you shall notify the Commission at such time as any well in either of the aforesaid pools is capable of top allowable production.

Very truly yours,
