Gentlemen:

Administrative order PC-282 amendment dated September 13, 1966, provides for the commingling of oil and condensate production from the various pools on the State "C" Tract 13 Lease.

Subsequent to the date of the above order, the well producing from the Wantz Abo-Oil Pool has been recompleted in the Blinebry-Gas Pool with commingling being provided for by special Blinebry-Tubb Gas Pool rules.

This is a request that order PC-282 be revised to provide for the deletion of the WANTZ ABO Oil Pool Zone.

Yours very truly,
