May 29, 1968

Phillips Petroleum Company
Phillips Building, Fourth & Washington
Odessa, Texas 79760

Attention: Mr. F. F. Lovering

Administrative Order PC-352

Gentlemen:

Reference is made to your application dated May 7, 1968, for administrative approval of an exception to Rule 303 (a) of the Commission Rules and Regulations to permit the commingling of Tubb and East Brunson-Ellenburger production on your Sims Lease comprising the NW/4 and W/2 SW/4 of Section 24, Township 22 South, Range 37 East, Lea County, New Mexico, allocating the production on the basis of periodic well tests. It is our understanding that the production from both pools on said lease is of marginal nature.

By the authority vested in me under the provisions of Rule 303 (b) of the Commission Rules and Regulations, you are hereby authorized to commingle the production from the aforesaid pools on said lease in the above-described manner, provided however, that the installation shall be operated in accordance with the provisions of the Commission "Manual for the Installation and Operation of Commingling Facilities," and provided further, that you shall notify the Commission at such time as any well in either of the aforesaid pools is capable of top allowable production.

Very truly yours,

A. L. PORTER, Jr.
Secretary-Director

OIL CONSERVATION COMMISSION

P.O. BOX 2088

SAN ANTONIO, TEXAS 78201

July 29, 1967

Mr. J. Edgar Hoover
Federal Bureau of Investigation
Washington, D.C. 20535

Dear Mr. Hoover:

Administrative Order 10-12

Reference is made to your letter dated May 17, 1967, and to the Commission's Order 10-12, dated May 17, 1967, regarding the Commission's policy on the issuance of permits for the use of oil in the production of electricity. The Commission's policy is to issue permits for the use of oil in the production of electricity only when the use of oil is necessary for the production of electricity and when the use of oil is the most efficient and economical method of producing electricity. The Commission's policy is to issue permits for the use of oil in the production of electricity only when the use of oil is necessary for the production of electricity and when the use of oil is the most efficient and economical method of producing electricity.

The Commission's policy is to issue permits for the use of oil in the production of electricity only when the use of oil is necessary for the production of electricity and when the use of oil is the most efficient and economical method of producing electricity. The Commission's policy is to issue permits for the use of oil in the production of electricity only when the use of oil is necessary for the production of electricity and when the use of oil is the most efficient and economical method of producing electricity. The Commission's policy is to issue permits for the use of oil in the production of electricity only when the use of oil is necessary for the production of electricity and when the use of oil is the most efficient and economical method of producing electricity.

Very truly yours,

J. L. GORDON, JR.
Secretary-Treasurer
