Re: Commingling Z. Taylor Lease

Gentlemen:

We would like permission to commingle the crude oil produced from three (3) separate zones on the same lease.

The zones are: Mississippi - with 44.0 gravity oil

Wolfcamp - with 43.0 gravity oil

Devonian - with 46.0 gravity oil

The price per barrel of oil from each zone is the same, presently \$39.50. The price of commingled oil is \$39.50 at an estimated gravity of 45.0.

The volume produced from each zone per day is as follows:

Mississippi - 70 Bbls per day

Wolfcamp - 10 Bbls per day

Devonian - 5 Bbls per day

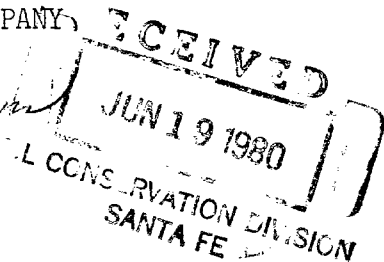

Attached is a Plat showing all well locations and zones produced from.

Thank you for your time and cooperation in this matter.

Yours truly,  
SKELTON OIL COMPANY
