RE: Exception of Statewide Rule 303A
Surface Commingling
Eva Owens A Lease
Well No. 1 Blinebry-Tubb
Well No. 2 Drinkard
Well No. 3 Blinebry

Dear Mr. Ramey:

Sun Exploration & Production Company requests administrative approval to surface commingle fluids from the referenced wells. We have already received approval to surface commingle wells 1 and 2, commingling order PC-641 dated November 30, 1983. Each well will be metered separately for gas. Allocation for oil well will be determined by well test.

Eva Owens A	#1	#2	#3
Oil	8	11	34
Water	1	4	33
Gas	225	99	79
Status	Pumping	Pumping	Pumping

The commingling of these fluids will not result in loss of the values of the production. A schematic diagram of the battery installation and plat showing location of the two wells are attached.

If you have any questions, please contact me at (915) 688-0374.

Very truly yours,

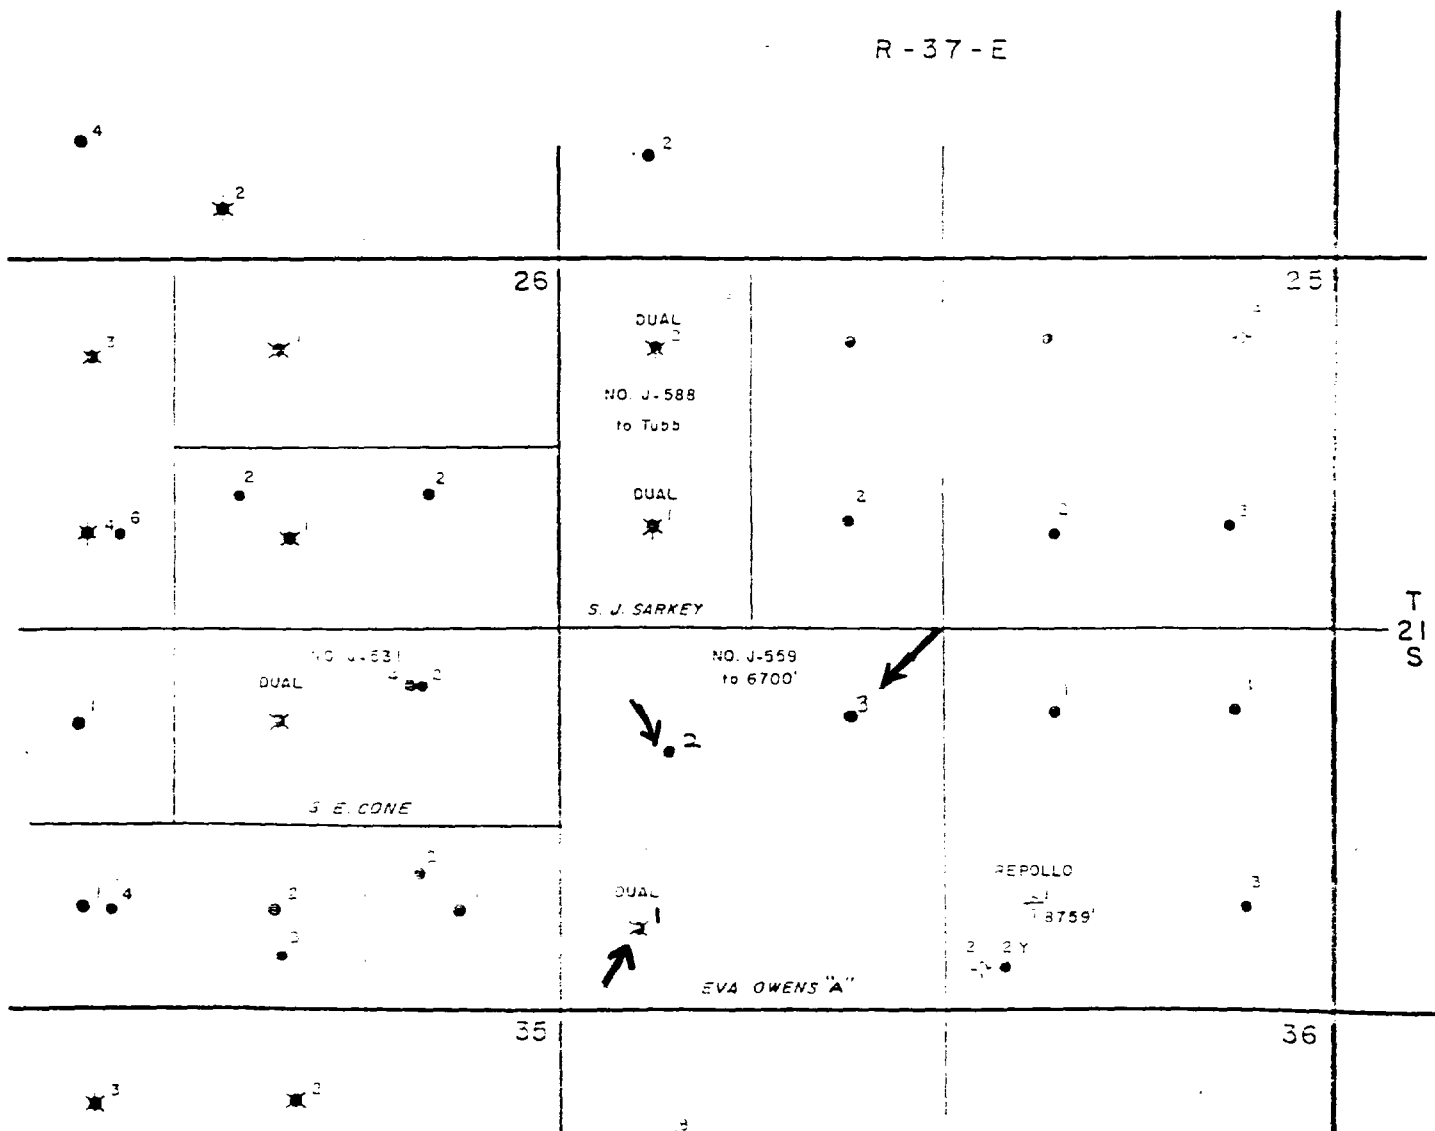

Dee Ann Kemp
