RE: J.A. Akens Lease  
Surface Commingling - Rule 303(B)  
Wells Nos. 7, 8, 10, 11 & 12

Dear Mr. Catanach:

Sun Exploration & Production Company request administrative approval to surface commingle fluids from the referenced wells. Each well will be metered separately for gas. Allocation for oil will be determined by tests. Listed below is a current test from each well:

| J.A. Akens | #7       | #8       | #10      | #11      | #12                          |
|------------|----------|----------|----------|----------|------------------------------|
| Zone       | Blinebry | Blinebry | Blinebry | Blinebry | <del>Blinebry</del> Drinkard |
| Oil        | 14       | 7        | 7        | 5        | 31                           |
| Water      | 2        | 0        | 5        | 4        | 118                          |
| Gas        | 36       | 108      | 39       | 56       | 960                          |
| Gravity    | 41.6     | 41.6     | 41.6     | 41.6     | 42.                          |

The commercial value of this production will not be lowered due to the surface commingling. A schematic diagram of the battery installation and plat, showing the well locations, are attached.

If you have any questions, please contact me at (915) 688-0374.

Very truly yours,

Dee Ann Kemp
