Attention: Mr. E. F. Motter

Administrative Order MSP-527

Gentlemen:

Reference is made to your application for approval of 120-acre non-standard gas proration unit in the Eumont Gas Pool consisting of the following acreage:

TOWNSHIP 20 SOUTH, RANGE 37 EAST, NMPM  
Section 2: N/2 SW/4 and SW/4 SW/4

It is understood that this unit is to be dedicated to your State "AR" Well No. 1, located 1980 feet from the South and West lines of said Section 2.

By authority granted me under provisions of Order No. R-1670, you are hereby authorized to operate the above described acreage as a non-standard gas proration unit, with allowable to be assigned thereto in accordance with the pool rules, based upon the unit size of 120 acres.

Very truly yours,

A. L. PORTER, Jr.,  
Secretary-Director

Oil Conservation Commission  
State of New Mexico  
P. O. Box 871  
Santa Fe, New Mexico

Attention: Mr. A. L. Porter, Jr.

Gentlemen:

Cities Service Oil Company requests administrative approval of a non-standard gas proration unit of 120 acres consisting of the SW, NE, and NW of the SW/4 Sec. 2, T-20S, R-37E Eumont Gas Pool, Lea County New Mexico, to be assigned to the State AR #1.

The Cities Service Oil Company State AR #1 located 1980' from the south and west lines of Section 2, when tested May 17, 1960, produced two barrels of oil and 1680 MCF gas in 24 hours for a resulting gas-oil ratio of 840,000/1. The New Mexico Oil Conservation Commission, Hobbs office, on August 12, 1960, advised by letter that the State AR #1 would be classified as a gas well and the oil allowable cancelled effective September 1, 1960.

The State AR #1 meets all requirements of Order No. R-1670 and the non-standard gas proration unit may be reasonably presumed to be productive of gas. A plat is attached hereto showing the location of the State AR #1 and the proposed non-standard proration unit as outlined in red.

Copies of this application have been sent to the offset operators.

Very truly yours,

Cities Service Oil Company

E. F. Motter  
Assistant Division Engineer
