Gentlemen:

Please refer to my letter of December 18, 1978 concerning the above captioned well. I failed to mention that this section 18 of T31N-R9W is located on a correction line thereby causing the west half of the section to contain only 201.47 acres. A copy of the survey of section 18 is attached along with a Well Location and Acreage Dedication Plat (Form C-102).

It is our understanding that Union Texas Petroleum Division of Allied Chemical has dedicated the west half of section 7 to a Pictured Cliffs well in the Blanco Pictured Cliffs Pool in the same manner as we propose to dedicate the west half of section 18 to a Pictured Cliffs well.

If there is any added information you require, please so advise.

Very truly yours,

  
H. L. Kendrick

Gentlemen:

The above captioned well was drilled by El Paso Natural Gas Company as a Blanco Pictured Cliffs Well. The well was spudded June 19, 1978 and completed November 8, 1978.

The west half of section 18 is dedicated to the well and contains 201.47 acres. El Paso respectfully requests administrative approval of a non-standard unit for this well. If administrative approval can not be granted as requested, please set this for hearing at your convenience.

If any additional information is needed, please so advise.

Very truly yours,

  
H. L. Kendrick
