Cabot Corporation's J. L. Reed No. 1 1980 N 660E  
King (Mississippian) Field 35-13-37  
Lea County, New Mexico

Gentlemen:

Please accept this application in lieu of our letter of January 12, 1979. The J. L. Reed No. 1 was completed as an oil well in the Devonian formation on August 14, 1956. In October, 1978, as a salvage operation, the well was recompleted as a gas well in the Mississippian formation.

Since the well was originally spaced for oil, and is now capable of producing gas, we respectfully request administrative approval to produce this well from a proration unit containing 160 acres.

By copy of this letter by certified mail, we are notifying our offset operators of this request.

Sincerely,

Robert N. Johnson  
Senior Petroleum Engineer
