Re: Administrative Application of
Lewis B. Burleson, Inc., for
approval of a Non-Standard
Proration and Spacing Unit and
Unorthodox Well Location for its
Farney #4 Well, Jalmat Gas Pool,
Lea County, New Mexico

Dear Mr. LeMay:

On behalf of Lewis B. Burleson Inc., we respectfully request administrative approval for a 320 acre non-standard Jalmat (gas) proration and spacing unit consisting of the E/2 of Section 5, T23S, R36E, Lea County, New Mexico, and for approval of an unorthodox well location for its Farney #4 Well (Unit B) at a location 660 feet FNL and 1650 feet FEL of said Section 5. The subject well was completed by Conoco in the Seven Rivers formation and assigned an allowable effective September 1, 1948. On October 1, 1955 the well was placed in the Jalmat Pool when the Cooper-Jal Pool was abolished in accordance with Commission Order R-520.

About May 19, 1987 Lewis B. Burleson Inc. acquired the rights to the well from Conoco and now desire administrative approval of the 320-acre non-standard Jalmat gas spacing unit and well location for the subject well.

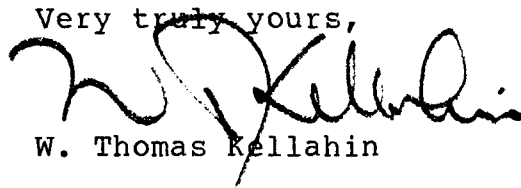

In lieu of the twenty day waiting period, we have enclosed executed waivers from the offset operators, Conoco and Sun, along with a plat showing the well and the offset acreage.

KELLAHIN, KELLAHIN & AUBREY

Mr. William J. LeMay
