Re: NON-STANDARD GAS PRORATION UNIT

B. F. HARRISON "B" #25

UNIT C, SECTION 9, TOWNSHIP 23S, RANGE 37E

LEA COUNTY, NEW MEXICO

Dear Mr. Lemay.

Texaco Exploration and Production Inc. respectfully requests a non-standard 120 acre gas proration unit in the North Teague Tubb Associated pool for the B. F. Harrison "B" #25. The subject well currently occupies a 160 acre proration unit. However, TEPI recently drilled another Tubb Associated well (the B. F. Harrison "B" #17) which is classified as an oil well and occupies the same 160 acres as the Harrison #25. For TEPI to remain in compliance with state regulations, a standard 40 acre proration unit must be dedicated to the new oil well (Harrison #17) and a non-standard 120 acres be dedicated to the gas well (Harrison #25).

Copies of this letter have been sent to all offset operators within one mile of the subject well.

If you have any questions concerning this request please contact me @ (505) 397-0426. Thank you very much for your cooperation.

Sincerely.

Darrell J. Carriger Engineering Assistant

cc: Mr. Jerry Sexton (NMOCD in Hobbs)
