Re: Application of EGL Resources for compulsory pooling, Lea County, New Mexico.

Ladies and Gentlemen:

This letter is to advise you that EGL Resources, Inc. has filed the enclosed application with the New Mexico Oil Conservation Division seeking the compulsory pooling of a 640-acre spacing and proration units comprised of Section 4, Township 23 South, Range 34 East, NMPM, Lea County, New Mexico. Said units will be dedicated to the Rio Blanco "4" Federal WeH No. 1 which it proposes to re-enter and drill at a standard gas well location 1980 feet from the North and West lines of said Section 4 to test all formations from the base of the Morrow formation to the base of the Devonian formation, North Bell Lake-Devonian Gas Pool.

This application has been set for hearing before a Division Examiner on April 10, 2003. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-Hearing Statement with the Oil Conservation Division's Santa Fe office located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505, three days in advance of a scheduled hearing. This statement must include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

Very truly yours,

William F. Carr
