Gentlemen:

Chevron USA Inc., as operator of the Vacuum Glorieta West Unit, submits its annual production report on the Vacuum Glorieta West Unit as required by Rule F1a of the Rules and Procedures for Qualifications of Enhanced Oil Recovery Projects and Certification for the Recovered Oil Tax Rate. The project is still a viable EOR project as approved by Division Order No. R-9708 on August 27, 1992. The Certification of a Positive Production Response was issued on March 7, 1995. The effective date of certification was January 1, 1994.

Attached are production curves of oil, gas, water injected, and water production beginning prior to waterflooding going through our most current data.

If you have any questions, please call me at (432) 687-7114.

Sincerely,

Mike Reeves
