RE: Computer records searches

Activities:

In reference to Isaac A. Kawasaki and Rube F. Kawasaki we conducted a State of Hawaii computer records search and developed a [REDACTED] for Isaac A. Kawasaki of [REDACTED]. We conducted a second search and as of March 2002 Mr. Kawasaki is revealing his address as 734 Kalanipuu Street, Honolulu, Hawaii 96825-2420. This is the same address that you revealed to us in your email, but you indicated that he was in care of his son, James M. Narita at this location.

In regards to Joseph R. Hodge we conducted a State of Texas computer records search. We located eight possible subjects in Texas. We located a Mr. Joseph R. Hodge in Austin, Texas. This individual was known as Joseph Randall Hodge. A [REDACTED] of [REDACTED] and [REDACTED] were located. We then conducted a nation wide computer records search and located his last known address of 411 Skyline Drive, Austin, Texas 78746. We have tentatively located a home telephone number of 347-1469.

In regards to Betsy H. Keller we conducted a nationwide computer records search and located twelve possible matches. We have located Betsy H. Keller's in New York, New York, Healdsburg, California, Greenwich, Connecticut and San Francisco, California. We are prepared to cross match those individuals with possible states that you suspect that the individual may be from. If further research in your current matter at hand will reveal any known last address or state of address we can proceed in efforts to identify the particular Betsy H. Keller you are seeking.

In regards to E.G. Holden we located 167 possible matches. None of the individuals that we located were described as a Testamentary Trust. We will absolutely have to narrow down the state of reference of the individual that you are looking for.

If your research reveals any information on Betsy H. Keller or E.G. Holden please forward that to us and we are confident that we can locate those individuals for you.

End of Report
