cessors: Nadel and Gussman Permian, L.L.C. has filed an application with the New Mexico Oil Conservation Division (Case No. 13365) seeking an order pooling all mineral interests from the surface to the base of the Morrow formation underlying the following described acreage in Section 33, Township 22 South, Range 28 East, N.M.P.M., Eddy County, New Mexico, and in the following manner: The S1/2 to form a standard 320acre gas spacing and proration unit for any and all formations or pools developed on 320-acre spacing within that vertical extent; and the SW1/4 to form a standard 160-acre gas spacing and proration unit for any and all formations or pools developed on 160-acre spacing within that vertical extent. The unit is to be dedicated to the Artemis Fed. Com. Well No. 1, to be located at an orthodox location in the SW1/4 of the section. Also to be considered will be the cost of drilling and completing the well and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designartion of applicant as op-erator of the well, and a 200% charge for the risk involved in drilling and completing the well. This matter will be heard at 8:15 a.m. on Thursday, January 6, 2005 at the Division's offices at 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. As an interest owner in the well units, you have the right to enter an appearance and participate in the case. Failure to appear will preclude you from contesting this matter at a later date. The units are located approximately 4 miles north of Loving, New Mexico.
