TO ALL AFFECTED INTEREST OWNERS:

Re: Application of Dugan Production Corporation for an unorthodox coal gas well location, San Juan County, New Mexico.

Ladies and Gentlemen:

This letter is to advise you that Dugan Production Corporation filed the enclosed application with the New Mexico Oil Conservation Division seeking approval to drill its Federal "I" Com. Well No. 103 (API No. 30-045-32587) at an unorthodox coal gas well location 1775 feet from the North line and 10 feet from the West line (Unit E) of Section 12, Township 29 North, Range 14 West, NMPM, San Juan County, New Mexico within the W/2 equivalent of Section 12, Township 29 North, Range 14 West, being a standard 320-acre, more or less, stand-up gas spacing unit for the Basin-Fruitland Coal (Gas) Pool.

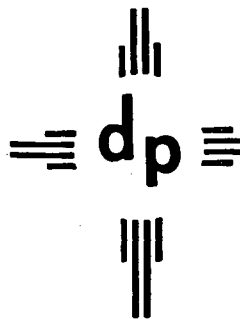

This application has been set for hearing before a Division Examiner on February 17, 2005. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 1208.B to file a Pre-hearing Statement three days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

Very truly yours,

William F. Carr  
ATTORNEY FOR YATES PETROLEUM CORPORATION

Certified – 7002 2410 0001 0134.1518

Mr. Michael E. Stogner  
New Mexico Oil Conservation Division  
1220 South St. Francis Drive  
Santa Fe, New Mexico 87505

Re: Application for Administrative Approval of  
Unorthodox Location for Dugan Production Corp.'s Federal I Com #103  
Unit E, Section 12, T29N, R14W  
1775' FNL & 10' FWL (W/2 - 320)

Dear Mr. Stogner:

Dugan Production hereby requests approval for an unorthodox location for the referenced well. Attached for you reference are the following exhibits:

1. Well location and acreage dedication plat (NMOCD Form C-102)
2. Topographic map
3. Fruitland Coal - Offsetting Working Interest Owners Map
4. Plat map of Harper Hill Industrial Subdivision
5. Detailed drawing of subdivision and well pad

The unorthodox location is necessary due to topographic conditions.

The subject well is located inside the Farmington city limits. Existing and proposed commercial and industrial developments occupy all favorable topographic and orthodox areas within the proration unit. After an extended period of time planning, surveying and negotiating with surface owners in the immediate area and consideration of existing city streets, utilities and zoning setback requirements, it was determined that the subject non-standard location was the only acceptable location to all involved parties. Since the proposed well pad and pipeline will be located on a lot on the outer boundary of the subdivision, surface impact within the Farmington city limits will be minimized. Once an agreement on the location of the well pad and pipeline had been reached, Dugan Production Corp. then purchased the lot on which to drill from Dimmick realty.

By certified mail, a copy of this application and request for administrative approval has been sent to all Fruitland Coal offsetting working interest owners, the Bureau of Land Management and the City of Farmington.

Please contact me if you have any questions or need additional information.

Sincerely,

Kurt Fagrelius  
Geologist
