**Re: Oil Conservation Division Case No. 13357: Application of Matrix New Mexico Holdings, L.L.C. for compulsory pooling, Lea County, New Mexico.**

Dear Mr. Fesmire;

On January 3, 2005, the Division entered Order No. R-12252 which granted the application of Matrix New Mexico Holdings, L.L.C. in the above-referenced case pooling all uncommitted interests from the surface to the base of the Wolfcamp formation underlying the NE/4 NE/4 of Section 10, Township 13 South, Range 38 East, NMPM, Lea County, New Mexico. This pooled unit is to be dedicated to the applicant's Townsend Well No. 1A to be drilled at a standard well location 530 feet from the North line and 330 feet from the East line (Unit A) of Section 10.

Order R-12252 provides that in the event Matrix does not commence re-entry operations on the well on or before April 1, 2005, this pooling order shall be of no effect unless Matrix obtains a time extension from the Division Director for good cause shown.

Matrix plans to drill the Townsend Well No. 1A but has encountered delays in obtaining a rig and has determined that it will not be able to commence drilling prior to April 1, 2005. Since it will be unable to commence drilling prior to the current deadline set by this pooling order, Matrix New Mexico Holdings, L.L.C. hereby request an extension of Order No. R-12252 from April 1, 2005 until July 1, 2005.

Your attention to this request is appreciated.

Very truly yours,

William F. Carr
