Jim, Thank you for the notice on Devon's proposed pool rule change in the area of our proposed well in Section 36-T25S-R31E. We have reviewed the proposal and we do not object to the application. Should you need anything further, please let me know.

Thanks, Janet

JR: I am more confused and wonder if I forgot something. There might have been a request for accelerated answer to avoid hearing that I forgot about.

Chuck: As long as I find out by next Wednesday, that's fine. The case was continued to 3/31, but I will send a certified notice to Yates tomorrow for the 4/14 hearing in case we can't get an answer, just as a CYA.

Jim
