**Re: Case No. 14583: Application of Farleigh Oil Properties for a compliance order, against SWEPI LP and Shell Exploration and Production Company, Guadalupe County, New Mexico.**

Dear Mr. Ezeanyim:

As a follow-up to Shell's March 9<sup>th</sup> letter, and in response to the requests made at the subsequent prehearing conference held in the above referenced matter on April 12th, enclosed please find a second tabulation of the tests conducted on each of the five wells at issue. This rendition of the data breaks the test results down by choke size as requested for the test periods. Shell will be filing amended C-105's shortly incorporating this information.

Shell understands from the statements made at the prehearing conference that this tabulation of available data dispenses with the need for a hearing on Thursday, and that Farleigh Oil Properties is now in a position to voluntarily dismiss its Amended Application.

Thank you for your attention to this matter.

Sincerely,

William F. Carr
