Gentlemen: This case is scheduled for June 13th. I just wanted to double check on one thing: By my e-mail to you on April 24th, I said that Mewbourne could do the case on that date IF it can present geology by affidavit. The reason being all of its technical people are out during that week. If that is OK with everyone we can do the case then. If the Division will require a technical witness, or if Mr. Chavez wants Mewbourne's technical witness there for questioning, the case will be need to be continued.

Let me know. Thanks.

Jim
