Subject: Hunt Oil Company; Regina Com 25-2-14-13 #1H; NSP/NSL Applications

Good morning, Mr. Walsh

We have received your NSP and NSL applications for the referenced wells.

Before we even received your applications, we received a protest of the NSP for the E/2 of Section 14 from Mr. William N. Roberts. He states only that he is a surface owner, but since he received your notice I assume he owns some character of oil and gas interest.

I will hold this application for the 20-day notice period from our receipt of it on 10/17, i.e. till 11/7, before setting for hearing. In the meantime, you or anyone from Hunt may contact me at 505-476-3450.

Sincerely

David K. Brooks
