Dear Working Interest Owner:

EOG Y Resources, Inc. proposes the drilling of the Plucky 14 Federal Com #502H well as a horizontal Bone Spring test well at the captioned location in a project area composed of E/2E/2 Sec. 14, and E/2SE/4 Sec. 11-T26S-R26E, Eddy County, N.M. Please see the prognosis on the enclosed AFE108814 for a more detailed explanation of the proposed well. Also enclosed is an AFE109181 for the gas lift system and AFE109182 for the facilities, we ask that you sign this AFE Election at the same time as you sign the drilling and completion AFE, as the gas lift and facilities AFE are not a separate elections from the drilling AFE and done for administrative purposes. This well is being proposed in accordance with the terms of the Operating Agreement dated June 7, 2005 and ask that you sign the Ratification and Amendment of the Operating Agreement at this time. I enclose for your review two copies of the AFE, the original operating agreement with amended Exhibit A, and Amendment and Ratification of the Operating Agreement to include the NESE of Section 11 into the existing Operating Agreement marked with a revised date of 10/30/2017. I request that you return one copy of the AFE Election to me if you wish to participate or not participate and the signature pages to the Ratification and Amendment of the Operating Agreement. The proposed well's dry-hole cost and completed cost are shown on the AFE(s) and the Election page.

Additionally, several working interest owners have a federal lease that is set to expire November 28, 2017 and we are needing to move forward on this project and are trying to get this proposal to you as quickly as we are able. We ask for your prompt attention to this matter as we will be pursuing signatures vigorously and filling for force pooling at the end of November if necessary. Your immediate attention to this matter is appreciated. If you have any questions please give me a call at 432-686-3684 Midland or by email Charles_Moran@eogresources.com.
