April 19, 2018

Huntington Energy, LLC
Attn: David Herritt
908 NW 71st Street
Oklahoma City, OK 73116

Dear Mr. Herritt:

The Huntington Energy 2018 Plan of Development (POD) for the Atsa Unit located in San Juan County, New Mexico is approved as of April 19, 2018. A POD is required to be filed yearly by the unit operator and not later than March 1 of each year. No extension of time will be granted unless an unavoidable delay where justified. The unit POD is approved specifically because there is a Fruitland Coal producing well within the unit on State lands and there are plans to drill and develop the unit when a surface use agreement with the Navajo Tribe is secured.

The Atsa Unit has only Federal and State minerals but the surface is mostly owned by the Navajo Nation.

If you have questions regarding the above unit POD approval, please contact Joe Hewitt at (505) 564-7740 or jhewitt@blm.gov.

Sincerely,

Richard Fields,
Farmington Field Manager
