**APPLICATION OF ONEENERGY PARTNERS, LLC.  
FOR A NON-STANDARD SPACING AND  
PRORATION UNIT, AND COMPULSORY POOLING,  
LEA COUNTY, NEW MEXICO.**

**CASE NO. 16107**

---

**AFFIDAVIT OF DAVID RAMSDEN-WOOD**

---

David Ramsden-Wood, being of lawful age and being first duly sworn, states as follows:

1. I am the President and Chief Operating Officer of OneEnergy Partners, LLC and its operating company, OneEnergy Partners Operating, LLC.
2. I hold a Bachelor of Science in Chemical Engineering from the University of Calgary.
3. I am familiar with the Application filed by OneEnergy Partners, LLC in this case, and the proposed Donkey Kong Fed Com 1H well.
4. OneEnergy is proposing interchanging the location of the surface hole location and bottom hole location as depicted in the draft C-102, which was admitted as Exhibit 1 at the June 14, 2018 hearing.
5. I have reviewed the well proposal letter sent to the working interest owners, a copy of which was admitted as Exhibit 5 at the June 14, 2018 hearing. In my professional opinion, interchanging the surface hole location and the bottom hole location will not affect the costs projected in the Authority for Expenditure in the well proposal letters.
