**APPLICATION OF THE NEW MEXICO OIL CONSERVATION DIVISION,
COMPLIANCE AND ENFORCEMENT BUREAU FOR A COMPLIANCE ORDER
AGAINST CANO PETRO OF NEW MEXICO, INC., FOR WELLS OPERATED IN
CHAVES AND ROOSEVELT COUNTIES, NEW MEXICO.**

CASE NO. 16040

CASE NO. 16359

REQUEST FOR CONTINUANCE

U.S. Specialty Insurance Company (“US Specialty”), through counsel undersigned, requests that the Commission continue the hearing scheduled for August 21, 2018 until counsel for Cano Petro of New Mexico, Inc., obtains the necessary approval from the United States Bankruptcy Court to appear, participate and represent Cano in support of its Request for Hearing De Novo. This Motion is more fully supported by the following memorandum of points and authorities.

Respondent Cano Petro of New Mexico, Inc. (“Cano”) operates hundreds of oil and gas wells in Chaves and Roosevelt Counties (see paragraph 1 of Application for Compliance Order dated February 20, 2018). U.S. Specialty issued the statutory, single well financial assurance bonds on certain of those wells (see Exhibit 3 to Application for Compliance Order dated February 20, 2018). In response to the Oil Conservation Division Compliance and Enforcement Bureau’s (“Bureau”) Application for Compliance Order, Cano retained attorney Ernest Padilla of the Padilla Law Firm in Santa Fe – Mr. Padilla specializes in oil and gas law and his practice includes appearing in federal and state regulatory agency matters such as the Federal Energy Regulatory Commission, the Interior Board of Land Appeals, New Mexico Oil Conservation Division and the New Mexico Public Regulation Commission.

An evidentiary hearing was held on April 5, 2018 and at which Mr. Padilla, appeared on behalf of Cano. During the hearing Mr. Padilla presented a witness on behalf of Cano (universally praised by the panel) and cross examined witnesses appearing on behalf of the Bureau. On May 1, 2018 the Division issued an Order finding Cano out of compliance, ordering it to return to compliance within 45 days of the date of the Order and that Cano's failure to do so authorized the Division to "plug and abandon the well or wells" that are not in compliance. On May 31, 2018 Mr. Padilla timely submitted a Request for Hearing De Novo on behalf of Cano.

On June 1, 2018 Cano filed a Chapter 11 Voluntary Petition for Bankruptcy in the United States Bankruptcy Court for the Northern District of Oklahoma – Case Number 18-11128-M. To be clear, Cano is a separate and distinct legal entity that filed its own independent and standalone bankruptcy petition – a copy of the first page of that Petition is attached here as an exhibit to verify. While counsel for the Bureau previously downplayed the bankruptcy filing by suggesting the filing involved "Cano's parent company" – see page 2 of the Bureau's Response to Notice of Bankruptcy and Automatic Stay – without dispute Cano itself filed its own Chapter 11 Petition and Cano (and its creditors) are subject to Federal Bankruptcy law.¹ In that Petition, Cano specifically identified the Division as Creditor and included it within the list of "20 Largest Unsecured Claims" – copy of that page also attached as an exhibit. Additionally, within the Schedule requiring it to list assets, Cano identified its interests in the wells located in Chaves and Roosevelt Counties – multiple pages attached as exhibits hereto. In sum, Cano, Cano's creditors and Cano's interests in the wells that are the subject of this compliance matter are firmly planted within the Bankruptcy Estate.

Under black letter bankruptcy law, once Cano filed its voluntary Chapter 11 Petition, it began operating as a debtor in possession with all rights, powers and duties of a trustee in

¹ Several other distinct, but related entities involving common ownership also filed Petitions. Indeed, each entity filed a separate Petition and was assigned a separate and distinct case number by the Bankruptcy Court. See, Case Numbers 18-11123; 18-11124; 18-11125; 18-11126; 18-11127; 18-11128 and 18-11129 all pending in the Bankruptcy Court for the Northern District of Oklahoma.

bankruptcy. See, 11 U.S.C. §§ 1107, 1108. This includes administering the bankruptcy estates “as a fiduciary for the estate’s creditors.” *Baker Botts L.L.P v. ASARCO, L.L.C.*, 135 S.Ct. 2158 (2015). Bankruptcy cases invoke the court’s role as a regulatory body and contain built-in procedural mechanisms -- “bankruptcy cases are highly-regulated and significant controls regarding professionals have been imposed by Congress in such cases, in part to guard against diversion of a bankruptcy estate’s scarce resources to payment of unnecessary or excessive professional expenses.” *In re Walker Land & Cattle, L.L.C.* 535 B.R. 348, 352 (Bankr. D. Id. 2015). Consequently, the Bankruptcy Code requires court approval for the employment of professional persons in Chapter 11 cases. See, *In re Crafts Retail Holding Corp.*, 378 B.R. 44, 48 (Bankr. E.D.N.Y. 2007)(“it is therefore essential that the bankruptcy formally approve [a professional’s] employment before that [professional] renders services compensable by the estate.”).² Mr. Padilla authored an email to counsel for the Bureau (Mr. Herrmann) on August 15, 2018 explaining that he had not yet been approved by the Bankruptcy Court to appear on behalf of Cano in this matter – a copy of that email is also attached hereto. In short, Mr. Padilla correctly noted the limitations on his involvement and advised counsel for the Bureau that without such approval he could not appear or participate in this matter on behalf of Cano.

In the pending matter Cano hired counsel, an attorney specializing in the niche field of oil and gas law, and actively defended the issues raised regarding the allegations of noncompliance at the original hearing. Cano, through its counsel, also timely submitted a Request for Hearing De Novo, prior to Cano filing its Chapter 11 Petition, but now Cano and its counsel are subject to the requirements and restrictions of federal bankruptcy law described above. While Cano unequivocally expressed its intent to challenge the ruling from the original hearing (utilizing counsel specializing in the area) it simply needs additional time in which to obtain the necessary

approvals. Denying Cano the opportunity to present its case based on what can accurately be described as a legal impossibility is a particularly draconian application of “justice”.

These legal logistics also work to the significant detriment of US Specialty. As the surety/secondary obligor, US Specialty depends on the first-hand knowledge, expertise and experience of its bond principal/primary obligor Cano (and its counsel). The May 1, 2018 Order demonstrates that notwithstanding a finding against Cano, that Cano presented witnesses and argument supporting valid defenses to the allegations raised and relief sought. Practically speaking, refusing to continue the hearing when the operator wishes to defend the charges deprive both Cano and US Specialty of any meaningful opportunity to protect their interests, and the outcome of that hearing can be predicted virtual certainty and implicates the most basic concept of due process. Furthermore, no showing has been made that any exigent circumstances exist requiring the hearing to go forward immediately or justifying denying Cano and US Specialty the opportunity to meaningfully participate. In fact, the “Inactive Well List” – Exhibit 2 to the Application for Compliance Order – shows that a substantial number of the wells have been inactive for many, many years. As the Application itself also demonstrates, while the Bureau sent Cano a Notice of alleged noncompliance on June 20, **2017**, and stated it would pursue formal compliance proceedings if Cano took no action within 60 days, the actual Application was not submitted until nearly 9 months later. There is nothing in the history of this matter suggesting a brief continuance would result in a parade of horrors or create any threat to health and safety. US Specialty is not requesting an open ended continuance, and certainly agrees that any continuance be issued for a defined period of time to alleviate any concern the request is sought for any improper purpose.

US Specialty has not received a ruling on the Notice of Bankruptcy and Automatic Stay submitted on August 3, 2018. While the Bureau opposed that Notice, it simply cannot be disputed that whether or not the Bureau is pursuing a “final judgment”, the non-monetary relief sought –

plugging and abandoning the inactive wells – directly implicates and negatively impacts (for all intents and purposes irrevocably) the single largest asset in Cano’s bankruptcy estate. If there is any doubt at all regarding the applicability of the Automatic Stay, a decision should error on the side of caution to account for the real world consideration there is “no going back” once the wells are plugged and abandoned. These wells possess value to the bankruptcy estate and any action that, practically speaking, destroys that value must proceed with caution and with an understanding of the ramifications.

Assuming the Commission decides against the applicability of the Automatic Stay flowing from the pending bankruptcy action, US Specialty requests a continuance of the hearing set for August 20th in order to allow Cano the opportunity to obtain the required authorizations form the United States Bankruptcy Court in order to employ its counsel for purposes of representing Cano in this matter.

Respectfully submitted,

JENNINGS STROUSS & SALMON,
PLC

Subject: RE: OCC Cases 16040 and 16359 Pre-Hearing Statement and Exhibits

Keith,

As I explained yesterday, until I am approved as regulatory counsel for Petro Cano by the bankruptcy court in Oklahoma, I cannot comment or otherwise participate in the scheduled hearing set for next Monday before the Commission. Even if the court entered an order today or sometime before Friday, I simply cannot be ready to meaningfully participate in a hearing, other than to request a continuance to allow for preparation for hearing.

Accordingly, I cannot approve or object to your proposed exhibits, nor will I be filing a prehearing statement.

I am adding Bill Brancard, counsel for the Commission, to your addressee list.

Ernie
