EXHIBITS OFFERED AND ADMITTED

Mewbourne Oil Company Exhibit Numbers 1 through 3	5
---	---

1 (2:48 p.m.)

2 EXAMINER JONES: 16490?

3 MR. BRUCE: Yes.

4 Mr. Examiner, Jim Bruce of Santa Fe
5 representing the Applicant. Again, I'm submitting this
6 case by affidavit.

7 Okay. In this case Mewbourne is seeking a
8 240-acre horizontal unit in the Bone Spring comprised of
9 the south half-southeast of Section 35 and the south
10 half-south half of Section 36 for its Gemini B2PO 1H
11 well. The affidavit contains the usual information on
12 efforts to obtain voluntary joinder. The overhead
13 rates, again, are 8,000 and 800.

14 Attachment A is a land plat, plus the C-102
15 for the well.

16 If you go to Attachment B, as in boy, to
17 the landman, the only party being pooled is EOG
18 Resources. I crossed out Canterra. Canterra Resources
19 has joined in the well and is not being pooled.

20 EXAMINER BROOKS: What about Keenan Trust?
21 They've joined?

22 MR. BRUCE: What's that now?

23 EXAMINER BROOKS: Judith Keenan Trust, they
24 committed?

25 MR. BRUCE: They committed. Yes.

1 So the total interest being pooled is about
2 37 percent. And I know they're working with EOG, and
3 there's quite a bit of correspondence.

4 Oh, they're also seeking to force pool the
5 Brigham Trust -- I'm sorry -- which is 1/8 of 1
6 percent -- 1/8 of 1 percent interest, so that's kind of
7 small.

8 But the affidavit contains all the usual
9 information, and the AFE is about 8 million --
10 \$8.2 million for the well.

11 The Affidavit of Notice, both EOG and the
12 Brigham Trust received actual notice. Again, notice was
13 received by Canterra, but they have joined in the well.
14 So everyone received actual notice, everyone who is
15 being pooled.

16 And then the landman -- excuse me -- the
17 geologist, again an affidavit with the structure map,
18 gross isopach, cross section showing the target. I
19 believe this is an Upper -- yeah, Upper 2nd Bone Spring.
20 It contains the usual data, that each quarter-quarter
21 section will contribute more or less equally to
22 production, and there is no impediment to drilling this
23 well.

24 EXAMINER BROOKS: Any overrides?

25 MR. BRUCE: None who need to be pooled.

1 EXAMINER BROOKS: Okay.

2 MR. BRUCE: With that, I'd move the
3 admission of Exhibits 1 through 3 and ask that the case
4 be taken under advisement.

5 EXAMINER JONES: Exhibits 1, 2, 3 are
6 admitted, and Case 16490 is taken under advisement.

7 (Mewbourne Oil Company Exhibit Numbers 1
8 through 3 are offered and admitted into
9 evidence.)
