Nirvana 1H & 3H Pooling

2/7/2019

STATE OF NEW MEXICO DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES OIL CONSERVATION DIVISION

APPLICATION OF PERCUSSION PETROLEUM OPERATING, LLC FOR COMPULSORY POOLING, EDDY COUNTY, NEW MEXICO.

CASE NO. 20191

APPLICATION OF PERCUSSION PETROLEUM OPERATING, LLC FOR COMPULSORY POOLING, EDDY COUNTY, NEW MEXICO.

CASE NO. 20263

AFFIDAVIT OF JOE DICHIARA

Joe Dichiara, of lawful age and being first duly sworn, declares as follows:

- 1. My name is Joe Dichiara. I work for Percussion Petroleum Operating, LLC ("Percussion") as a Landman.
 - 2. I have previously testified before the Oil Conservation Division by affidavit.
- 3. I am familiar with the applications filed by Percussion in these matters and familiar with the status of the lands in the subject areas.
 - 4. Percussion has filed two applications with the Division:
 - a. In Case No. 20191, Percussion seeks an order pooling all uncommitted interests from the top of the Yeso formation to a depth of 3200 feet in the Penasco Draw; San Andres Yeso Pool (50270) underlying the S/2 S/2 of Section 28, and the SE/4 SE/4 of Section 29, Township 18 South, Range 26 East, NMPM, Eddy County, New Mexico. Said horizontal spacing unit is to be dedicated to applicant's proposed **Nirvana No. 1H Well**, which will be horizontally drilled from a surface location in the SW/4SW/4 (Unit M)

BEFORE THE OIL CONSERVATION DIVISION

- of Section 27 to a standard bottom hole location in the SE/4 SE/4 (Unit P) of Section 29. The completed interval for this well is at an orthodox well location pursuant to the Statewide rules for oil wells.
- b. In Case No. 20263, Percussion seeks an order pooling all uncommitted interests from a depth of 3,201 feet to the bottom of the Yeso formation in the Penasco Draw; San Andres Yeso Pool (50270) underlying the S/2S/2 of Section 28, and the SE/4SE/4 of Section 29, Township 18 South, Range 26 East, NMPM, Eddy County, New Mexico. Said horizontal spacing unit is to be dedicated to applicant's proposed **Nirvana No. 3H Well**, which will be horizontally drilled from a surface location in the SW/4 SW/4 (Unit M) of Section 27 to a standard bottom hole location in the SE/4 SE/4 (Unit P) of Section 29. The completed interval for this well is at an orthodox well location pursuant to the Statewide rules for oil wells.
- 5. **Percussion Exhibit No. 1A** contains a draft Form C-102 for each of the proposed wells. The Division District Office has informed me that all three wells have been placed in the Penasco Draw; San Andres Yeso Pool (50270). All lands in the proposed spacing units is fee acreage.
- 6. A depth severance exists in the Yeso formation at 3200 feet. Accordingly, Percussion seeks to compulsory pool two subsets of the N. Seven Rivers; Glorieta-Yeso Pool: from the top of the pool at a stratigraphic equivalent of 2,279 feet measured depth, as defined in the Gamma Ray-Neutron Log of the Len Mayer 1 Well (API No. 30-015-05926) to a depth of 3200 feet, and from 3200 feet to the base of the Yeso at a stratigraphic equivalent of 4,460 feet measured depth as defined in the same log.

- 7. The depth severance was created by virtue of an assignment between two predecessors in interest. This document defines the depth severance as 3200 feet, as measured in the Mallard HM No. 002 Well (API No. 30-015022052).
- 8. Ownership is different above and below the depth severance line. **Percussion Exhibit 1B** identifies ownership by tract in spacing unit from the top of the pool to a depth of 3200 feet. Percussion seeks to pool those interest owners highlighted in green. All interests that Percussion seeks to pool are working interest owners and overriding royalty interest owners.
- 9. **Percussion Exhibit 1C** identifies ownership by tract in the identifies from 3200 feet to the base of the pool. Percussion seeks to pool those interest owners highlighted in green. All interests that Percussion seeks to pool are working interest owners and overriding royalty interest owners.
- 10. No interest owner that Percussion seeks to pool has indicated opposition to Percussion presenting this case by affidavit.
- 11. **Percussion Exhibit 1D and 1E** contains the well proposal letters along with an AFE for each of the Nirvana 1H Well and the Nirvana 3H Well.
- 12. In addition to sending well proposal letters and AFEs, I have called or emailed each of the working interest owners that I seek to pool and attempted to reach an agreement with them. In my opinion, I have made a good faith effort to reach an agreement with each of the parties that I seek to pool.
- 13. The costs reflected in the Statement of Estimated Well Costs are consistent with what other operators have incurred for drilling similar horizontal wells in the area in each of these formations.

- 14. In compiling these notice lists, Percussion conducted a diligent search of all public records in the county where the proposed wells are located and of phone directories, including computer searches. All working interest owners were locatable. One overriding royalty interest owner, Helen Holt, had mail returned to sender. Accordingly, Holland and Hart published notice direct to that interest owner.
- 15. In addition to parties I seek to compulsory pool, I provided notice of these applications to the vertical offsets who were excluded from the spacing unit that I seek to pool. All parties received notice and did not object to Percussion's plan to pool only a portion of the pool in each of the cases.
- 16. Percussion has estimated the overhead and administrative costs for drilling and producing the proposed wells at \$7,000 per month while drilling and \$700 per month while producing. These costs are consistent with what other operators are charging in this area for similar wells.
- 17. Percussion Exhibit Nos. 1A through 1E were either prepared by me or compiled under my direction and supervision.

RE: Well Re-Proposal & Letter Agreement Nirvana 1H well Eddy County, New Mexico

Gentlemen/Ladies:

Reference is made to the Nirvana 1H well proposal of September 19, 2018. The reference portion of the well proposal inadvertently referred to Section 22-T19S-25E, Eddy County, NM. Please note as stated below, this well is surface holed in Section 27-T18S-26E, will traverse the S/2S/2 of Section 28-T18S-26E and bottom hole in the SE/4SE/4 of Section 29-T18S-R26E. The proposal will utilize the operating agreement previously enclosed.

Percussion Petroleum Operating, LLC ("Percussion") hereby re-proposes to drill and complete the Nirvana 1H, to an approximate total vertical depth of 2,765' as a horizontal well in the upper portion of the Yeso formation (the "Subject Well"), with an estimated spud date in December , 2018, at the following proposed location (subject to change upon staking and survey).

Nirvana 1H well - Horizontal Yeso Well, Eddy County, NM

- Proposed Surface Hole Location 540' FSL & 670' FWL, Section 27, T18S-R26E
- Proposed Bottom Hole Location 360' FNL & 1,200' FEL, Section 29, T18S-R26E

Attached in duplicate is AFE No. 1329 which specifies total drilling and completed costs to be estimated at \$4,420,000.00.

In support of this well and future development, Percussion proposes to form a Working Interest Unit covering the S/2S/2 of Section 28 and the SE/4SE/4 of Section 29 in Township 19 South, Range 25 East, Eddy County, New Mexico, containing 200 acres of land, more or less, insofar, and only insofar, as the same covers rights from the top of the Yeso formation to the base of the Yeso formation (the "WIU"). For purposes herein, top of the Yeso formation shall be 2,279' MD and the base of the Yeso formation shall be 4,460' MD based on the Len Mayer 1 (30-015-05926) RDL_Neutron_Porosity_21N log from Section 28-T18S-R26E, Eddy County, NM; and the term "horizontal well" shall be defined as a directional well bore with one or more laterals that extend a minimum of one hundred feet (100') horizontally in the target zone. The current Yeso formation working interest ownership is attached and this well will apply to depths above 3,100' subsurface. Devon Energy Production Company, L.P. owns below the proposed depth, but is included in this proposal for future development.

Part of the proposed WIU, the S/2SW/4 and SE/4SE/4 of Section 28, is likely governed by operating agreements also covering the Yeso Formation which pertains to many of the same parties within this proposal and which would administer operations for vertical wells. For the mutually

BEFORE THE OIL CONSERVATION DIVISION

Submitted by: PERCUSSION PETROLEUM LLC

Nirvana 1H Well Proposal September 21, 2018 Page 2

exclusive development within the WIU as to horizontal wells, and any concept wells (ie. micro seismic wells, pilot hole wells), Percussion submitted via the letter of September 19, 2018, a new operating agreement ("NOA") dated September 14, 2018, a 1982 AAPL form, to govern proposals and operations within the WIU, and which shall supersede any existing operations only as to said horizontal well development and operations. The Exhibit "A" to the NOA will be completed in the near term pending transactional decisions of the working interest parties.

As an alternative to participation, Percussion offers to acquire a party's leasehold rights as to the Yeso formation, only. Percussion will pay \$1,500/acre said leasehold rights. The selling party will deliver its leasehold interest effective September 1, 2018, exclusive of existing wellbores and production from said wellbores. The acquisition of the leasehold will be subject to a mutually acceptable sales agreement and assignment warranting title by the seller, by through and under, but not otherwise.

Please indicate your election as to the Subject Wells by marking any single item 1) or 2) below in the space provided and returning a copy of this letter agreement to the undersigned within thirty (30) days of receipt, otherwise you may be subject to the compulsory pooling provisions of the State of New Mexico. If you mark any item that pertains to AFEs and/or the NOA, then please execute and return copies of the same together with your executed copy of this letter agreement to Percussion within said thirty (30) day period. Exhibit "A" to the NOA shall be provided at a later date after all of the working interest percentages of the non-operators have been determined.

If you have any questions regarding this proposal, please do not hesitate to contact the undersigned by e-mail at brettw@percussionpetroleum.com or by phone at 713-300-1852. Thank you very much for your assistance and cooperation. We look forward to working with you on this matter.

Yours very truly,

Percussion Petroleum Operating, LLC

RE: Well Proposal & Letter Agreement Nirvana 3H well Eddy County, New Mexico

Gentlemen/Ladies:

Percussion Petroleum Operating, LLC ("Percussion") hereby proposes to drill and complete the Nirvana 1H, to an approximate total vertical depth of 3,620' as a horizontal well in the lower portion of the Yeso formation (the "Subject Well"), with an estimated spud date in January, 2019, at the following proposed location (subject to change upon staking and survey).

Nirvana 3H well - Horizontal Yeso Well, Eddy County, NM

- Proposed Surface Hole Location 710' FSL & 640' FWL, Section 27, T18S-R26E
- Proposed Bottom Hole Location 410' FNL & 1,285' FEL, Section 29, T18S-R26E

Attached in duplicate is AFE No. 1339 which specifies total drilling and completed costs to be estimated at \$4,455,000.00.

As previously stated in the Nirvana 1H proposal letter of September 19, 2018, in support of this well and future development, Percussion proposes to form a Working Interest Unit covering the S/2S/2 of Section 28 and the SE/4SE/4 of Section 29 in Township 19 South, Range 25 East, Eddy County, New Mexico, containing 200 acres of land, more or less, insofar, and only insofar, as the same covers rights from the top of the Yeso formation to the base of the Yeso formation (the "WIU"). For purposes herein, top of the Yeso formation shall be 2,279' MD and the base of the Yeso formation shall be 4,460' MD based on the Len Mayer 1 (30-015-05926) RDL_Neutron_Porosity_21N log from Section 28-T18S-R26E, Eddy County, NM; and the term "horizontal well" shall be defined as a directional well bore with one or more laterals that extend a minimum of one hundred feet (100') horizontally in the target zone. The current Yeso formation working interest ownership is attached and this well will apply to depths below 3,200' subsurface.

Part of the proposed WIU, the S/2SW/4 and SE/4SE/4 of Section 28, is likely governed by operating agreements also covering the Yeso Formation which pertains to many of the same parties within this proposal and which would administer operations for vertical wells. For the mutually exclusive development within the WIU as to horizontal wells, and any concept wells (ie. micro seismic wells, pilot hole wells), Percussion submitted via the letter of September 19, 2018, a new operating agreement ("NOA") dated September 14, 2018, a 1982 AAPL form, to govern proposals and operations within the WIU, and which shall supersede any existing operations only as to said horizontal well development and operations. The Exhibit "A" to the NOA will be completed in the near term pending transactional decisions of the working interest parties.

Santa Fe, New Mexico
Exhibit No. 1E

Submitted by: PERCUSSION PETROLEUM LLC

Nirvana 1H Well Proposal October 1, 2018 Page 2

In conjunction with the Nirvana 1H proposal of September 19, 2018, as an alternative to participation, Percussion offers to acquire a party's leasehold rights as to the Yeso formation, only. Percussion will pay \$1,500/acre said leasehold rights. The selling party will deliver its leasehold interest effective September 1, 2018, exclusive of existing wellbores and production from said wellbores. The acquisition of the leasehold will be subject to a mutually acceptable sales agreement and assignment warranting title by the seller, by through and under, but not otherwise. An election to sell via the Nirvana 1H proposal or this proposal shall be binding as to the entire Yeso and will exclude the seller from future Yeso wells.

Please indicate your election as to the Subject Well by marking any single item 1) or 2) below in the space provided and returning a copy of this letter agreement to the undersigned within thirty (30) days of receipt, otherwise you may be subject to the compulsory pooling provisions of the State of New Mexico. If you mark any item that pertains to AFEs and/or the NOA, then please execute and return copies of the same together with your executed copy of this letter agreement to Percussion within said thirty (30) day period. Exhibit "A" to the NOA shall be provided at a later date after all of the working interest percentages of the non-operators have been determined.

If you have any questions regarding this proposal, please do not hesitate to contact the undersigned by e-mail at brettw@percussionpetroleum.com or by phone at 713-300-1852. Thank you very much for your assistance and cooperation. We look forward to working with you on this matter.

Yours very truly,

Percussion Petroleum Operating, LLC

Nirvana 3H Well Election

1) Elect to participate in the drilling and completing of the Nirvana 3H well based upon the
calculation of its working interest as stated above in the formation of the WIU, and agrees to the terms
and conditions of this letter agreement and NOA as stated above, with the cost and maintenance of
all surface facilities, including any shared well pads, being reapportioned between each well drilled
in the WIU.

2) Elect to sell all of its leasehold interest, including all right, title and interest in the Yeso formation, effective September 1, 2018, exclusive of existing wellbores, based upon a price of \$1,500.00 per net leasehold acre, delivering an assignment with special warranty on mutually agreed forms.

RE: Well Re-Proposal & Letter Agreement Nirvana 3H well Eddy County, New Mexico

Gentlemen/Ladies:

To correct improper references to the Nirvana 1H well, Percussion Petroleum Operating, LLC ("Percussion") hereby re-proposes to drill and complete the Nirvana 3H, to an approximate total vertical depth of 3,620' as a horizontal well in the lower portion of the Yeso formation (the "Subject Well"), with an estimated spud date in January , 2019, at the following proposed location (subject to change upon staking and survey).

Nirvana 3H well - Horizontal Yeso Well, Eddy County, NM

- Proposed Surface Hole Location 710' FSL & 640' FWL, Section 27, T18S-R26E
- Proposed Bottom Hole Location 410' FNL & 1,285' FEL, Section 29, T18S-R26E

Attached in duplicate is AFE No. 1339 which specifies total drilling and completed costs to be estimated at \$4,455,000.00.

As previously stated in the Nirvana 1H proposal letter of September 19, 2018, in support of this well and future development, Percussion proposes to form a Working Interest Unit covering the S/2S/2 of Section 28 and the SE/4SE/4 of Section 29 in Township 19 South, Range 25 East, Eddy County, New Mexico, containing 200 acres of land, more or less, insofar, and only insofar, as the same covers rights from the top of the Yeso formation to the base of the Yeso formation (the "WIU"). For purposes herein, top of the Yeso formation shall be 2,279' MD and the base of the Yeso formation shall be 4,460' MD based on the Len Mayer 1 (30-015-05926) RDL_Neutron_Porosity_21N log from Section 28-T18S-R26E, Eddy County, NM; and the term "horizontal well" shall be defined as a directional well bore with one or more laterals that extend a minimum of one hundred feet (100') horizontally in the target zone. The current Yeso formation working interest ownership is attached and this well will apply to depths below 3,200' subsurface.

Part of the proposed WIU, the S/2SW/4 and SE/4SE/4 of Section 28, is likely governed by operating agreements also covering the Yeso Formation which pertains to many of the same parties within this proposal and which would administer operations for vertical wells. For the mutually exclusive development within the WIU as to horizontal wells, and any concept wells (ie. micro seismic wells, pilot hole wells), Percussion submitted via the letter of September 19, 2018, a new operating agreement ("NOA") dated September 14, 2018, a 1982 AAPL form, to govern proposals and operations within the WIU, and which shall supersede any existing operations only as to said horizontal well development and operations. The Exhibit "A" to the NOA will be completed in the near term pending transactional decisions of the working interest parties.

Nirvana 3H Well Proposal October 1, 2018 Page 2

In conjunction with the Nirvana 1H proposal of September 19, 2018, as an alternative to participation, Percussion offers to acquire a party's leasehold rights as to the Yeso formation, only. Percussion will pay \$1,500/acre said leasehold rights. The selling party will deliver its leasehold interest effective September 1, 2018, exclusive of existing wellbores and production from said wellbores. The acquisition of the leasehold will be subject to a mutually acceptable sales agreement and assignment warranting title by the seller, by through and under, but not otherwise. An election to sell via the Nirvana 1H proposal or this proposal shall be binding as to the entire Yeso and will exclude the seller from participation in Yeso wells.

Please indicate your election as to the Subject Well by marking any single item 1) or 2) below in the space provided and returning a copy of this letter agreement to the undersigned within thirty (30) days of receipt, otherwise you may be subject to the compulsory pooling provisions of the State of New Mexico. If you mark any item that pertains to AFEs and/or the NOA, then please execute and return copies of the same together with your executed copy of this letter agreement to Percussion within said thirty (30) day period. Exhibit "A" to the NOA shall be provided at a later date after all of the working interest percentages of the non-operators have been determined.

If you have any questions regarding this proposal, please do not hesitate to contact the undersigned by e-mail at brettw@percussionpetroleum.com or by phone at 713-300-1852. Thank you very much for your assistance and cooperation. We look forward to working with you on this matter.

STATE OF NEW MEXICO DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES OIL CONSERVATION DIVISION

APPLICATION OF PERCUSSION PETROLEUM OPERATING, LLC FOR COMPULSORY POOLING, EDDY COUNTY, NEW MEXICO.

CASE NO. 20191

APPLICATION OF PERCUSSION PETROLEUM OPERATING, LLC FOR COMPULSORY POOLING, EDDY COUNTY, NEW MEXICO.

CASE NO. 20263

AFFIDAVIT OF C.J. LIPINSKI

CJ Lipinski, of lawful age and being first duly sworn, declares as follows:

- 1. My name is CJ Lipinski. I work for Percussion Petroleum Operating, LLC.
- 2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum geology. My credentials as a petroleum geologist have been accepted by the Division and made a matter of record.
- 3. I am familiar with the application filed by Percussion in this case and I have conducted a geologic study of the Glorieta and Yeso formations underlying the subject acreage.
- 4. The Len Mayer 1 (30-015-05926) log shows the top of the pool at 2279 feet measured depth and the bottom of the pool/base of the Yeso at 4460 feet measured depth.
- 5. Percussion is targeting different portions of the Yeso formation with its two proposed wells.
- 6. **Percussion Exhibit 2A** is a location map that I prepared for the subject spacing unit. This map shows the proposed spacing unit in Section 28 in red and the two proposed well in orange and tan. Offset Glorieta/Yeso producers are shown in green.

BEFORE THE OIL CONSERVATION DIVISION

Santa Fe, New Mexico

Exhibit No. 2

Submitted by: PERCUSSION PETROLEUM LLC

- 7. **Percussion Exhibit 2B** is a structure map that I prepared for the top of the Glorieta. The contour interval is 100 feet. The structure map shows that the area is gently dipping to the south-southeast. I do not observe any faulting, pinchouts, or other geologic impediments to developing this targeted interval with a horizontal well.
- 8. **Percussion Exhibit 2C** is a cross section location map showing the five wells penetrating the Yeso formation that I used to construct the cross-section from A to A'. I consider these wells to be representative of the geology of the area.
- 9. **Percussion Exhibit 2D** is a cross section using the representative wells depicted on Exhibit 2C. Each well in the cross-section contains gamma ray, resistivity, photoelectric absorption and or porosity logs. The proposed target interval for the 1H is labeled with a yellow line at approximately 2765 feet. The proposed target for the 3H is shown with a tan line at approximately 3620 feet. The cross-section demonstrates that the targeted interval extends across the proposed spacing unit.
- This exhibit also shows a depth severance in a red line at 3200 feet. Each of the two wells is located more than 400 feet from the depth severance line. Accordingly, neither well will produce hydrocarbons from across the depth severance line.
- In addition, this exhibit shows the presence of silts, highlighted with green brackets. These silts will act as additional frac barriers preventing the development of hydrocarbons from across the depth severance line.
- 12. Percussion agrees to appear before the Division in the event that it proposes to drill any infill well closer to the depth severance line than the current proposed wells.
- 13. In my opinion the west to east orientation of the proposed well in the Yeso formation is appropriate in order to effectively drain the targeted reservoir.

- 14. Based on my geologic study of the area, the Yeso formation underlying the subject area and subject spacing units is suitable for development by horizontal wells and the acreage comprising the proposed spacing units will contribute more-or-less equally to the production from the wellbores.
- 15. In my opinion, the granting of Percussion's application in each case will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

FURTHER AFFIANT SAYETH NOT.

<u>VIA CERTIFIED MAIL</u> CERTIFIED RECEIPT REQUESTED

TO: ALL INTEREST OWNERS SUBJECT TO POOLING PROCEEDINGS

Re: Amended application of Percussion Petroleum Operating, LLC for compulsory pooling, Eddy County, New Mexico.

Nirvana No. 1H Well

Ladies & Gentlemen:

This letter is to advise you that Percussion Petroleum Operating, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. This application will be set for hearing before a Division Examiner at 8:15 a.m. on February 7, 2019. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices, located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact Josh Grisham at (713) 589-2337 or josh@percussionpetroleum.com.

Sincerely,

Jordan L. Kessler

ATTORNEY FOR PERCUSSION PETROLEUM

OPERATING, LLC

VIA CERTIFIED MAIL CERTIFIED RECEIPT REQUESTED

TO: VERTICAL OFFSETS IN POOL

Re: Amended application of Percussion Petroleum Operating, LLC for

compulsory pooling, Eddy County, New Mexico.

Nirvana No. 1H Well

Ladies & Gentlemen:

This letter is to advise you that Percussion Petroleum Operating, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. This application will be set for hearing before a Division Examiner at 8:15 a.m. on February 7, 2019. Your interest is not being pooled by this application. You are receiving this notice because you own an interest in the Penasco Draw; San Andres Yeso Pool (50270) that is not being included in the horizontal spacing unit. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices, located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact Josh Grisham at (713) 589-2337 or josh@percussionpetroleum.com.

Sincerely,

Jordan L. Kessler

ATTORNEY FOR PERCUSSION PETROLEUM OPERATING, LLC

Shipment Confirmation Acceptance Notice

Note to Mailer: The labels and volume associated to this form online, must match the labeled packages being presented to the USPS® employee with this form.

Shipment Date: 01/17/2019

Shipped From:

Name: HOLLAND & HART LLP

Address: 110 N GUADALUPE ST # 1

City: SANTA FE

State: NM

VIA CERTIFIED MAIL CERTIFIED RECEIPT REQUESTED

TO: ALL INTEREST OWNERS SUBJECT TO POOLING PROCEEDINGS

Re:

Application of Percussion Petroleum Operating, LLC for compulsory pooling,

Eddy County, New Mexico.

Nirvana No. 1H Well

Ladies & Gentlemen:

This letter is to advise you that Percussion Petroleum Operating, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. This application will be set for hearing before a Division Examiner at 8:15 a.m. on January 10, 2019. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices, located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter please contact Josh Grisham at (713) 589-2337 or josh@percussionpetroleum.com.

Sincerely,

Jordan L. Kessler

VIA CERTIFIED MAIL CERTIFIED RECEIPT REQUESTED

TO: VERTICAL OFFSETS IN POOL

Re:

Application of Percussion Petroleum Operating, LLC for compulsory pooling,

Eddy County, New Mexico.

Nirvana No. 3H Well

Ladies & Gentlemen:

This letter is to advise you that Percussion Petroleum Operating, LLC has filed the enclosed application with the New Mexico Oil Conservation Division. This application will be set for hearing before a Division Examiner at 8:15 a.m. on February 7, 2019. *Your interest is not being pooled by this application*. You are receiving this notice because you own an interest in the Penasco Draw; San Andres Yeso Pool (50270) that is not being included in the horizontal spacing unit. The hearing will be held in Porter Hall in the Oil Conservation Division's Santa Fe Offices, located at 1220 South Saint Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from challenging the matter at a later date.

Parties appearing in cases are required by Division Rule 19.15.4.13.B to file a Pre-hearing Statement four business days in advance of a scheduled hearing. This statement must be filed at the Division's Santa Fe office at the above specified address and should include: the names of the parties and their attorneys; a concise statement of the case; the names of all witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that are to be resolved prior to the hearing.

If you have any questions about this matter, please contact Josh Grisham at (713) 589-2337 or josh@percussionpetroleum.com.

Sincerely,

Jordan L. Kessler

ATTORNEY FOR PERCUSSION PETROLEUM

OPERATING, LLC

Shipment Confirmation Acceptance Notice

Note to Mailer: The labels and volume associated to this form online, must match the labeled packages being presented to the USPS® employee with this form.

Shipment Date: 01/17/2019

Shipped From:

Name: HOLLAND & HART LLP

Address: 110 N GUADALUPE ST # 1

City: SANTA FE

State: NM ZIP+4® 87501

Percussion Nirvana 3H CM# 100391.0001
