RE: Request for Time Extension to Drill the following Well
Case No. 16088, R-14848 approved date August 30, 2018
Applicant/Operator: Marathon Oil Permian, LLC
Proposed Well:
Catapult Fee 23 26 1 WA Well No. 6H, API No. 30-015-44689, Spud: Not Yet

Dear Ma'am:

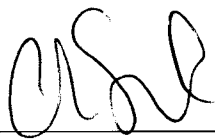

The following pertains to your request received by the Division on August 30, 2018 and to the requirements in the captioned hearing order.

You have requested an extension of the time limit given by the Division in the captioned order in which to complete at least one of the captioned well(s) after commencement of drilling operations on the first of the proposed well(s). The operator has not spud this well.

The well could not be completed due to a change in the drilling schedule and a rising demand of completion crews in the area. Accordingly, you are requesting a new drilling date of August 30, 2020 to replace the existing time limit.

The operator is hereby granted an extension time limit to August 30, 2020 of the referenced well to the date the C-104 is approved for at least one of the wells. All other provisions of this order remain in full force and effect.

Sincerely,

Adrienne Sandoval
Director
