

**STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION**

**APPLICATION OF MATADOR
PRODUCTION COMPANY FOR
COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.**

CASE NOS. 20680, 20681, 20682, 20683

AFFIDAVIT OF SAM PRYOR

Sam Pryor, of lawful age and being first duly sworn, declares as follows:

1. My name is Sam Pryor. I work for MRC Energy Company, an affiliate of Matador Production Company ("Matador"), as an Area Land Manager.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum land matters. My credentials as a petroleum landman have been accepted by the Division and made a matter of record.
3. I am familiar with the applications filed by Matador in this case, and I am familiar with the status of the lands in the subject area.
4. In these consolidated cases, Matador is seeking an Order pooling all uncommitted interests in the following standard horizontal spacing units underlying Sections 31 and 32, Township 20 South, Range 29 East, NMPM, Eddy County, New Mexico:
 - In **Case No. 20680**, a 320-acre, more or less, horizontal spacing unit in the Bone Spring formation comprised of the N/2 N/2 of Sections 31 and 32 to be dedicated to the proposed **Pennzoil 3231 Fed Com #125H Well**, which will be horizontally drilled from a surface location in the SW/4 NW/4 of Section 33, Township 20 South, Range 29 East to bottom hole location in the NW/4 NW/4 of Section 31.

- In **Case No. 20681**, a 320-acre, more or less, horizontal spacing unit in the Bone Spring formation comprised of the S/2 N/2 of Sections 31 and 32 to be dedicated to the proposed **Pennzoil 3231 Fed Com #126H Well**, which will be horizontally drilled from a surface location in the SW/4 NW/4 of Section 33, Township 20 South, Range 29 East to bottom hole location in the SW/4 NW/4 of Section 31.
- In **Case No. 20682**, a 320-acre, more or less, horizontal spacing unit in the Wolfcamp formation comprised of the N/2 N/2 of Sections 31 and 32 to be dedicated to the proposed **Pennzoil 3231 Fed Com #205H Well**, which will be horizontally drilled from a surface location in the NW/4 NW/4 of Section 33, Township 20 South, Range 29 East to bottom hole location in the NW/4 NW/4 of Section 31.
- In **Case No. 20683**, a 320-acre, more or less, horizontal spacing unit in the Wolfcamp formation comprised of the S/2 N/2 of Sections 31 and 32 to be dedicated to the proposed **Pennzoil 3231 Fed Com #206H Well**, which will be horizontally drilled from a surface location in the SW/4 NW/4 of Section 33, Township 20 South, Range 29 East to bottom hole location in the SW/4 NW/4 of Section 31.

5. **Matador Exhibit A-1** contains a draft Form C-102 for each of the four proposed wells. The land in the proposed spacing unit is comprised of federal lease lands. For case numbers 20680 and 20681, Matador understands that these wells will be assigned to the Getty; Bone Spring Pool (Pool Code 27470). For case numbers 20682 and 20683, Matador understands that these wells will be assigned to the Burton Flat Upper Wolfcamp East (Pool Code 98315).

6. The completed intervals for the proposed wells will remain within the standard offset required by the statewide rules set forth in 19.15.16.15 NMAC.

7. **Matador Exhibit A-2** identifies the tracts of land comprising the proposed horizontal spacing units. The proposed wellbores are marked in blue inside the proposed horizontal spacing units which are outlined in red.

8. **Matador Exhibit A-3** identifies for each well the working interest owners that Matador is seeking to pool along with their respective ownership interest in each of the proposed horizontal spacing units. Exhibit A-3 also identifies two record title owners that Matador seeks to pool. The list of pooled parties and their respective interest percentages are the same in each of the four cases. In addition, in each case, Matador is also seeking to pool the overriding royalty interest owners, which are the same overriding royalty interest owners in each of the horizontal spacing units, and which are identified on in **Matador Exhibit A-4**.

9. There are no depth severances within the Bone Spring formation for this acreage.

10. There are no depth severances within the Wolfcamp formation for this acreage.

11. **Matador Exhibit A-5** contains sample well proposal letters and AFE sent to working interest owners for each well. The costs reflected in the AFE are consistent with what other operators have incurred for drilling similar horizontal wells in the area.

12. In addition to sending well proposal letters and AFEs, I have called or emailed each of the working interest owners Matador seeks to pool for whom we have contact information and attempted to reach an agreement with them. In my opinion, I have made a good faith effort to reach an agreement with each of the working interest owners that Matador seeks to pool.

13. Matador has made an estimate of overhead and administrative costs for drilling and producing the proposed wells. It is \$7,000/month while drilling, and \$700/month while producing. These costs are consistent with what other operators are charging in this area for these types of

wells. Matador respectfully requests that these administrative and overhead costs be incorporated into any orders entered by the Division in these consolidated cases.

14. In my opinion, Matador has made good faith efforts to reach an agreement with the working interest owners it is seeking to pool. If Matador reaches an agreement with any of the proposed pooled parties before the Division enters an order, I will let the Division know that Matador is no longer seeking to pool those parties.

15. I provided Matador's outside counsel, Jim Bruce, a list of names and addresses for the parties that Matador is seeking to pool. In compiling these notice lists, Matador conducted a diligent search of all public records in the county where the proposed wells are located and of phone directories, including computer searches.

16. **Matador Exhibits A-1 through A-5** were either prepared by me or compiled under my direction and supervision.

FURTHER AFFIANT SAYETH NOT.

SAM PRYOR

Re: Matador Production Company – Pennzoil Fed Com 3231 #125H (the “Well”)
Participation Proposal
Sections 32 & 31, Township 20 South, Range 29 East
Eddy County, New Mexico

Dear Sir/Madam:

MRC Permian Company and MRC Delaware Resources, LLC (collectively “MRC”) proposes the drilling of Matador Production Company’s Pennzoil Fed Com 3231 #125H well, located in the N/2 of Sections 32 and 31, Township 20 South, Range 29 East, Eddy County, New Mexico to the Bone Spring formation.

In connection with the above, please note the following:

- The estimated cost of drilling, testing, completing, and equipping the Well is \$10,183,202.00 as found on the enclosed AFE dated June 5, 2019.
- The proposed surface location of the Well is approximately 390’ FNL and 220’ FWL of Section 33, Township 20 South, Range 29 East, Eddy County, New Mexico. The proposed bottom hole location of the subject well is approximately 330’ FSL and 240’ FWL of Section 31, Township 20 South, Range 29 East, Eddy County, New Mexico.
- We plan to drill the Well horizontally in the Bone Spring to a Total Vertical Depth of approximately 8,050’ and to a Total Measured Depth of approximately 18,550’.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

Devon Energy will own an approximate 0.25113797 working interest in the Well, subject to title verification.

MRC requests that you indicate your election to participate in the drilling and completion of the Well in the space provided below, sign and return one (1) copy of this letter to the undersigned.

MRC is proposing to drill the Well under the terms of the modified 1989 AAPL form of Operating Agreement which is enclosed for your review and approval. The enclosed Operating Agreement dated June 7, 2019, by and between Matador Production Company, as operator and MRC Permian Company et al as Non-Operators, covers the N/2 of Section 32, Township 20 South, Range 29 East, Eddy County, New Mexico and the N/2 of Section 31, Township 20 South, Range 29 East, Eddy County, New Mexico and has the following general provisions:

- 100/300/300 Non-consenting penalty
- \$7,000/\$700 Drilling and Producing rate
- Matador Production Company named as Operator

If your election is to participate in the drilling and completion of the Well, please sign and return a copy of the enclosed AFE within thirty (30) days of receipt of this notice. Please be aware that the enclosed AFE is only an estimate of costs to be incurred and by electing to participate in the Well, each working interest owner shall be responsible for its proportionate share of all costs incurred.

Thank you for your consideration of this proposal. Please contact me if you have any questions.

Sincerely,

Hawks Holder

Please elect one of the following and return to sender.

_____ Devon Energy hereby elects to participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's Pennzoil Fed Com 3231 #125H well, located in Eddy County, New Mexico.

_____ Devon Energy hereby elects not to participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's Pennzoil Fed Com 3231 #125H well, located in Eddy County, New Mexico.

_____ Devon Energy is interested in selling its interest in this unit, please contact to discuss.

Re: Matador Production Company – Pennzoil Fed Com 3231 #205H (the “Well”)
Participation Proposal
Sections 32 & 31, Township 20 South, Range 29 East
Eddy County, New Mexico

Dear Sir/Madam:

MRC Permian Company and MRC Delaware Resources, LLC (collectively “MRC”) proposes the drilling of Matador Production Company’s Pennzoil Fed Com 3231 #205H well, located in the N/2N/2 of Sections 32 and 31, Township 20 South, Range 29 East, Eddy County, New Mexico to the Wolfcamp formation.

In connection with the above, please note the following:

- The estimated cost of drilling, testing, completing, and equipping the Well is \$10,778,655.00 as found on the enclosed AFE dated June 5, 2019.
- The proposed surface location of the Well is approximately 390’ FNL and 220’ FWL of Section 33, Township 20 South, Range 29 East, Eddy County, New Mexico. The proposed bottom hole location of the subject well is approximately 990’ FNL and 240’ FWL of Section 31, Township 20 South, Range 29 East, Eddy County, New Mexico.
- We plan to drill the Well horizontally in the Bone Spring to a Total Vertical Depth of approximately 9,450’ and to a Total Measured Depth of approximately 19,950’.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

Devon Energy will own an approximate 0.25113797 working interest in the Well, subject to title verification.

MRC requests that you indicate your election to participate in the drilling and completion of the Well in the space provided below, sign and return one (1) copy of this letter to the undersigned.

MRC is proposing to drill the Well under the terms of the modified 1989 AAPL form of Operating Agreement which is enclosed for your review and approval. The enclosed Operating Agreement dated June 7, 2019, by and between Matador Production Company, as operator and MRC Permian Company et al as Non-Operators, covers the N/2 of Section 32, Township 20 South, Range 29 East, Eddy County, New Mexico and the N/2 of Section 31, Township 20 South, Range 29 East, Eddy County, New Mexico and has the following general provisions:

- 100/300/300 Non-consenting penalty
- \$7,000/\$700 Drilling and Producing rate
- Matador Production Company named as Operator

If your election is to participate in the drilling and completion of the Well, please sign and return a copy of the enclosed AFE within thirty (30) days of receipt of this notice. Please be aware that the enclosed AFE is only an estimate of costs to be incurred and by electing to participate in the Well, each working interest owner shall be responsible for its proportionate share of all costs incurred.

Thank you for your consideration of this proposal. Please contact me if you have any questions.

Sincerely,

Hawks Holder

Please elect one of the following and return to sender.

_____ Devon Energy hereby elects to participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's Pennzoil Fed Com 3231 #205H well, located in Eddy County, New Mexico.

_____ Devon Energy hereby elects not to participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's Pennzoil Fed Com 3231 #205H well, located in Eddy County, New Mexico.

_____ Devon Energy is interested in selling its interest in this unit, please contact to discuss.

Re: Matador Production Company – Pennzoil Fed Com 3231 #206H (the “Well”)
Participation Proposal
Sections 32 & 31, Township 20 South, Range 29 East
Eddy County, New Mexico

Dear Sir/Madam:

MRC Permian Company and MRC Delaware Resources, LLC (collectively “MRC”) proposes the drilling of Matador Production Company’s Pennzoil Fed Com 3231 #206H well, located in the S/2N/2 of Sections 32 and 31, Township 20 South, Range 29 East, Eddy County, New Mexico to the Wolfcamp formation.

In connection with the above, please note the following:

- The estimated cost of drilling, testing, completing, and equipping the Well is \$10,778,655.00 as found on the enclosed AFE dated June 5, 2019.
- The proposed surface location of the Well is approximately 390’ FNL and 220’ FWL of Section 33, Township 20 South, Range 29 East, Eddy County, New Mexico. The proposed bottom hole location of the subject well is approximately 2310’ FNL and 240’ FWL of Section 31, Township 20 South, Range 29 East, Eddy County, New Mexico.
- We plan to drill the Well horizontally in the Bone Spring to a Total Vertical Depth of approximately 9,450’ and to a Total Measured Depth of approximately 19,950’.

MRC reserves the right to modify the locations and drilling plans described above in order to address topography, cultural or environmental concerns, among other reasons. MRC will advise you of any such modifications.

Devon Energy will own an approximate 0.25113797 working interest in the Well, subject to title verification.

MRC requests that you indicate your election to participate in the drilling and completion of the Well in the space provided below, sign and return one (1) copy of this letter to the undersigned.

MRC is proposing to drill the Well under the terms of the modified 1989 AAPL form of Operating Agreement which is enclosed for your review and approval. The enclosed Operating Agreement dated June 7, 2019, by and between Matador Production Company, as operator and MRC Permian Company et al as Non-Operators, covers the N/2 of Section 32, Township 20 South, Range 29 East, Eddy County, New Mexico and the N/2 of Section 31, Township 20 South, Range 29 East, Eddy County, New Mexico and has the following general provisions:

- 100/300/300 Non-consenting penalty
- \$7,000/\$700 Drilling and Producing rate
- Matador Production Company named as Operator

If your election is to participate in the drilling and completion of the Well, please sign and return a copy of the enclosed AFE within thirty (30) days of receipt of this notice. Please be aware that the enclosed AFE is only an estimate of costs to be incurred and by electing to participate in the Well, each working interest owner shall be responsible for its proportionate share of all costs incurred.

Thank you for your consideration of this proposal. Please contact me if you have any questions.

Sincerely,

Hawks Holder

Please elect one of the following and return to sender.

_____ Devon Energy hereby elects to participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's Pennzoil Fed Com 3231 #206H well, located in Eddy County, New Mexico.

_____ Devon Energy hereby elects not to participate for its proportionate share of the costs detailed in the enclosed AFE associated with Matador Production Company's Pennzoil Fed Com 3231 #206H well, located in Eddy County, New Mexico.

_____ Devon Energy is interested in selling its interest in this unit, please contact to discuss.

STATE OF NEW MEXICO
DEPARTMENT OF ENERGY, MINERALS AND NATURAL RESOURCES
OIL CONSERVATION DIVISION

APPLICATION OF MATADOR
PRODUCTION COMPANY FOR
COMPULSORY POOLING,
EDDY COUNTY, NEW MEXICO.

CASE NOS. 20680, 20681, 20682, 20683

AFFIDAVIT OF JAMES ANDREW JUETT

James Andrew Juett, of lawful age and being first duly sworn, declares as follows:

1. My name is James Andrew Juett. I work for MRC Energy Company, an affiliate of Matador Production Company ("Matador"), as an Area Geology Manager.
2. I have previously testified before the New Mexico Oil Conservation Division as an expert witness in petroleum geology. My credentials as a petroleum geologist have been accepted by the Division and made a matter of record.
3. I am familiar with the applications filed by Matador in this case, and I have conducted a geologic study of the lands in the subject area.

Case Nos. 20680 and 20681

4. The target interval for these two wells, the Pennzoil 3231 Fed Com #125H and Pennzoil 3231 Fed Com #126H, is the Bone Spring formation.
5. **Matador Exhibit B-1** is a locator map. The horizontal spacing units for the proposed wells are identified by the red boxes with green shading.
6. **Matador Exhibit B-2** is a subsea structure map that I prepared for the top of the Second Bone Spring formation. The contour interval is 50 feet. The structure map shows the Bone Spring formation gently dipping to the Southeast. The structure appears consistent across the

proposed wellbore paths. I do not observe any faulting, pinchouts, or other geologic impediments to horizontal drilling.

7. **Matador Exhibit B-3** shows a line of cross section from A to A' on the same structure map reflected in **Exhibit B-2**.

8. **Matador Exhibit B4** is a Structural cross-section I prepared showing the Second Bone Spring Sand along the proposed wellbore. This cross-section displays open-hole logs run over the Second Bone Spring formation from the four representative wells denoted from A to A'. For each well in the cross-section, except where noted the following logs are included: gamma ray, resistivity, and porosity. The proposed target interval for both of the proposed wells is labeled and marked with a green wellbore diagram. The logs in the cross-section demonstrate that the target interval, within the Bone Spring formation, is consistent in thickness and character, across the entirety of each of the proposed spacing units.

9. **Matador Exhibit B-5** demonstrates that the path of each of the proposed wells will comply with the Division's standard offset requirements.

10. Based on my geologic study of the area, I have not identified any geologic impediments to drilling horizontal wells in the area.

11. In my opinion, each quarter-quarter section will be productive and contribute more-or-less equally to production from each respective horizontal spacing unit.

12. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery. Approving Matador's applications will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

Case Nos. 20682 and 20683

13. The target interval for these two wells, the Pennzoil 3231 Fed Com #205H and Pennzoil 3231 Fed Com #206H, is the Wolfcamp formation.
14. **Matador Exhibit B-6** is a locator map. The horizontal spacing units for the proposed wells are identified by the red boxes with green shading.
15. **Matador Exhibit B-7** is a subsea structure map that I prepared for the top of the Wolfcamp formation. The contour interval is 50 feet. The structure map shows the Wolfcamp formation gently dipping to the Southeast. The structure appears consistent across the proposed wellbore paths. I do not observe any faulting, pinchouts, or other geologic impediments to horizontal drilling.
16. **Matador Exhibit B-8** shows a line of cross section from A to A' on the same structure map reflected in **Exhibit B-7**.
17. **Matador Exhibit B9** is a Stratigraphic cross-section I prepared using the top of the Wolfcamp as the datum. This cross-section displays open-hole logs run over the Wolfcamp formation from the four representative wells denoted from A to A'. For each well in the cross-section, the following logs are included: gamma ray, resistivity, and porosity. The proposed target interval for both of the proposed wells is labeled and marked with a green wellbore diagram. The logs in the cross-section demonstrate that the target interval, within the Wolfcamp formation, is consistent in thickness and character, across the entirety of each of the proposed spacing units.
18. **Matador Exhibit B-10** demonstrates that the path of each of the proposed wells will comply with the Division's standard offset requirements.
19. Based on my geologic study of the area, I have not identified any geologic impediments to drilling horizontal wells in the area.

20. In my opinion, each quarter-quarter section will be productive and contribute more-or-less equally to production from each respective horizontal spacing unit.

21. In my opinion, horizontal drilling will be the most efficient method to develop this acreage, to prevent the drilling of unnecessary wells, and to result in the greatest ultimate recovery. Approving Matador's applications will be in the best interest of conservation, the prevention of waste, and protection of correlative rights.

22. **Matador Exhibits B-1 through B-10** were either prepared by me or compiled under my direction and supervision.

FURTHER AFFIANT SAYETH NOT.

JAMES ANDREW JUETT

APPLICATIONS OF MATADOR PRODUCTION
COMPANY FOR COMPULSORY POOLING, EDDY
COUNTY, NEW MEXICO.

Case Nos. 20680 - 20684

SELF-AFFIRMED STATEMENT OF NOTICE

COUNTY OF SANTA FE)
) ss.
STATE OF NEW MEXICO)

James Bruce deposes and states:

1. I am over the age of 18, and have personal knowledge of the matters stated herein.
2. I am an attorney for Matador Production Company.
3. Matador Production Company has conducted a good faith, diligent effort to find the names and correct addresses of the interest owners entitled to receive notice of the applications filed herein.
4. Notice of the applications was provided to the interest owners, at their last known addresses, by certified mail. Copies of the notice letter and certified return receipts are attached hereto as Attachment A.
5. Matador Production has complied with the notice provisions of Division Rules.
6. I understand that this Self-Affirmed Statement will be used as written testimony in this case. I affirm that my testimony in paragraphs 1 through 5 above is true and correct and is made under penalty of perjury under the laws of the State of New Mexico. My testimony is made as of the date handwritten next to my signature below.

CERTIFIED MAIL – RETURN RECEIPT REQUESTED

To: Persons on Exhibit A

Ladies and gentlemen:

Enclosed are copies of the following applications for compulsory pooling, filed with the New Mexico Oil Conservation Division by Matador Production Company:

1. Case No. 20680, regarding a Bone Spring well in the N/2N/2 of Section 31 and the N/2/N/2 of Section 32;
2. Case No. 20681, regarding a Bone Spring well in the S/2N/2 of Section 31 and the S/2/N/2 of Section 32;
3. Case No. 20682, regarding a Wolfcamp well in the N/2N/2 of Section 31 and the N/2/N/2 of Section 32; and
4. Case No. 20683, regarding a Wolfcamp well in the S/2N/2 of Section 31 and the S/2/N/2 of Section 32,

all in Township 20 South, Range 29 East, N.M.P.M., Eddy County, New Mexico:

These matters are scheduled for hearing at 8:15 a.m. on Thursday, August 8, 2019, in Porter Hall at the Division's offices at 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an interest that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from contesting the matter at a later date.

A party appearing in a Division case is required by Division Rules to file a Pre-Hearing Statement no later than Thursday, August 1, 2019. This statement must be filed with the Division's Santa Fe office at the above address, and should include: The names of the party and

ATTACHMENT

A

its attorney; a concise statement of the case; the names of the witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that need to be resolved prior to the hearing. The Pre-Hearing Statement must also be provided to the undersigned.

Very truly yours,

James Bruce

Attorney for Matador Production Company

CERTIFIED MAIL – RETURN RECEIPT REQUESTED

To: Persons on Exhibit A

Ladies and gentlemen:

Enclosed are copies of the following applications for compulsory pooling, filed with the New Mexico Oil Conservation Division by Matador Production Company:

1. Case No. 20680, regarding a Bone Spring well in the N/2N/2 of Section 31 and the N/2/N/2 of Section 32;
2. Case No. 20681, regarding a Bone Spring well in the S/2N/2 of Section 31 and the S/2/N/2 of Section 32;
3. Case No. 20682, regarding a Wolfcamp well in the N/2N/2 of Section 31 and the N/2/N/2 of Section 32; and
4. Case No. 20683, regarding a Wolfcamp well in the S/2N/2 of Section 31 and the S/2/N/2 of Section 32,

all in Township 20 South, Range 29 East, N.M.P.M., Eddy County, New Mexico:

These matters are scheduled for hearing at 8:15 a.m. on Thursday, August 8, 2019, in Porter Hall at the Division's offices at 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. You are not required to attend this hearing, but as an owner of an **overriding royalty interest** that may be affected by this application, you may appear and present testimony. Failure to appear at that time and become a party of record will preclude you from contesting the matter at a later date.

A party appearing in a Division case is required by Division Rules to file a Pre-Hearing Statement no later than Thursday, August 1, 2019. This statement must be filed with the Division's Santa Fe office at the above address, and should include: The names of the party and

its attorney; a concise statement of the case; the names of the witnesses the party will call to testify at the hearing; the approximate time the party will need to present its case; and identification of any procedural matters that need to be resolved prior to the hearing. The Pre-Hearing Statement must also be provided to the undersigned.

Very truly yours,

James Bruce

NOTICE

To: Santo Legado, LLC, Sharbro Energy, LLC, Yates Energy Corporation, EOG Resources, Inc., Devon Energy Production Company, L.P., Marathon Oil Permian LLC, Trigg Oil & Gas Limited Partnership, HEYCO Development Corporation, Curtis W. Mewbourne, Jalepeno Corporation, PetroYates, Inc., Abby Corporation, Spiral, Inc., Explorers Petroleum Corporation, Jetta-X2, L.P., Waikiki Partners, L.P., Platform Energy III, LLC, Monty D. McLane, Alan Jochimsen, Claremont Corporation, Paul R. Barwis, Jareed Partners, Ltd., CrownRock Minerals, Inc., John Kyle Thoma, C. Mark Wheeler, Penwell Employee Royalty Pool, Ross Duncan Properties, LLC, Featherstone Development Corporation, Prospector, LLC, Big Three Energy Group, LLC, Camarie Oil and Gas, LLC, and Parrot Head Properties, LLC, or your heirs, devisees, successors, or assigns: Matador Production Company has filed two applications with the New Mexico Oil Conservation Division seeking an order pooling all mineral interests in the Bone Spring formation, as follows:

1. Case No. 20680, regarding the Pennzoil 3231 Fed. Com. Well No. 125H in the N/2N/2 of Section 31 and the N/2/N/2 of Section 32; and

2. Case No. 20681, regarding Pennzoil 3231 Fed. Com. Well No. 126H in the S/2N/2 of Section 31 and the S/2/N/2 of Section 32.

Matador Production Company has also filed two applications with the New Mexico Oil Conservation Division seeking an order pooling all mineral interests in the Wolfcamp formation, as follows:

3. Case No. 20682, regarding Pennzoil 3231 Fed. Com. Well No. 205H in the N/2N/2 of Section 31 and the N/2/N/2 of Section 32; and

4. Case No. 20683, regarding Pennzoil 3231 Fed. Com. Well No. 206H in the S/2N/2 of Section 31 and the S/2/N/2 of Section 32.

The lands are located in Township 20 South, Range 29 East, N.M.P.M., Eddy County, New Mexico. Also to be considered will be the cost of drilling and completing the wells and the allocation of the cost thereof, as well as actual operating costs and charges for supervision, designation of Matador Production Company as operator of the wells, and a 200% charge for the risk involved in drilling and completing the wells. The applications are scheduled to be heard at 8:15 a.m. on Thursday, August 8, 2019 at the Division's offices at 1220 South St. Francis Drive, Santa Fe, New Mexico 87505. As an interest owner in the well units, you have the right to enter an appearance and participate in the cases. Failure to appear will preclude you from contesting these matters at a later date.

The attorney for applicant is James Bruce, P.O. Box 1056, Santa Fe, New Mexico 87504. The well units are centered approximately 11 miles northeast of Carlsbad, New Mexico.
