**STATEMENT OF CASE**

APPLICANT:

OPPOSITION OR OTHER PARTY:

Titus Oil & Gas Production, LLC has filed a plan of development for the proposed wells with the Bureau of Land Management (BLM). EOG Resources, Inc. has opposed the plan of development before the BLM. Because the lands and leases committed to the proposed plan of development are federal lands, the BLM has primary jurisdiction over the plan of development. Accordingly, the applications are premature and the Division should defer consideration of these applications until the BLM approves or disapproves the proposed plan of development.

**PROCEDURAL MATTERS**

OPPOSITION:

EOG Resources, Inc., moves to dismiss the applications of Titus Oil & Gas Production, LLC on the basis that the applications are premature and should not be considered by the Division until the Bureau of Land Management approves or disapproves the plan of development submitted by Titus Oil & Gas Production, LLC. In the alternative, the Division should continue the hearing of these applications until the BLM approves or disapproves the plant of development.

Respectfully submitted:
