Subject: [EXT] Please protect New Mexicans' health

I am completely opposed to the use of fracked water for any purpose other than being repurposed in fracking operations. There is no evidence that this water is safe for any other use, and plenty of evidence that it is unsafe. Please, protect New Mexicans instead of protecting the oil and gas industry. Please write and enforce strongly worded, enforceable regulations that prohibit the use of toxic waste water anywhere else.

Thank you,

Katie Bruell
