**Re: Commission Order No. R-20694**  
**Second Extension of Injection**  
**Authority**  
**Libby Berry AGI No. 1**  
**Libby Berry AGI No. 1**

David A. White,

The Oil Conservation Division (“OCD”) has reviewed the March 12, 2024, request to extend the deadline in the referenced order to commence injection into referenced well. The request, which was received prior to the deadline, states the reasons for granting an extension, that no additional wells penetrating the approved injection interval have been drilled within the Area of Review since the referenced order was granted, and that additional affected parties in the AOR, if any, were notified of your extension request and did not protest the extension. Accordingly, OCD reviews your request administratively.

The OCD finds that for reasons you have stated, the granting of this request to extend the deadline is in the interest of conservation, will prevent waste, and will protect the environment. Therefore, the deadline to commence injection for the existing order is hereby extended until **July 18, 2025**. An additional request to extend the deadline to inject will be contingent upon the well being spudded and the OCD being provided plans to complete the well within the following year. Additionally, a subsequent extension request will not be granted for this order to an operator other than Delek Logistics Partners, LP.

The remaining terms and conditions in the referenced order continue in full force and effect, including the requirements for the reduced operation of the Libby Berry Fee SWD No. 1 and the timely completion of the redundant well, Libby Berry AGI No. 2.

**Commission Order No. R-20694**  
**Second Extension of Injection Authority**  
**Libby Berry AGI No. 1**
