Re: NMOCD Case No.14667
Application for Project Area Covering the Rosa Unit Mancos Participating Area
San Juan and Rio Arriba Counties New Mexico

Dear Mr. Harris,

In addition to the "Horizontal Well Cost and Production Allocation for Rosa Unit Mancos Communitized Areas" (as attached), Williams Production Company, LLC as Rosa Unit Operator agrees to the following drilling order based upon the map as previously provided (also attached): the wells located on Pad 4 shall be drilled before commencing drilling operations from Pad 5; and the wells located on Pad 13 shall be drilled before commencing drilling operations from Pad 14.

In consideration of the above McElvain agrees not to oppose the Application of Williams for the referenced Project Area.

Sincerely,

M. Vern Hansen, CPL
Senior Staff Landman
