

A 10x10 grid puzzle. The grid contains numbers 1 through 36. A red path is drawn through the grid, starting from the bottom left and ending at the top right. The path consists of the following cells: (10,1), (9,1), (8,1), (7,1), (6,1), (5,1), (4,1), (3,1), (2,1), (1,1), (1,2), (1,3), (1,4), (1,5), (1,6), (1,7), (1,8), (1,9), (1,10), (2,10), (3,10), (4,10), (5,10), (6,10), (7,10), (8,10), (9,10), (10,10).

The grid is divided into four 5x5 quadrants by a central 2x2 grid of cells. The numbers are distributed as follows:

10	11	42	7	8
9				
3	13	14	18	17
21	22	23	24	20
28	27	26	25	29
33	34	35	36	31
				32
