Terry,  
Oxy and Reliant had been using \$6000 and \$600 for a JOA involving a different property so let's go with those.

Hi Earl,

Before I pass my recommendations onto the Director for approval and signature I would like your review and input. The one issue that comes to mind is the overhead and administrative cost to be incurred while drilling the well and also producing it, if it is successful. I put in \$4,000 and \$400. Are you and your Client okay with that?

Hope your weekend is a good one,
